THE
NINETEEN-TWENTY-NINE TATLER
Edited and Published by the
Student Body of William Jewell College
at Liberty, Missouri

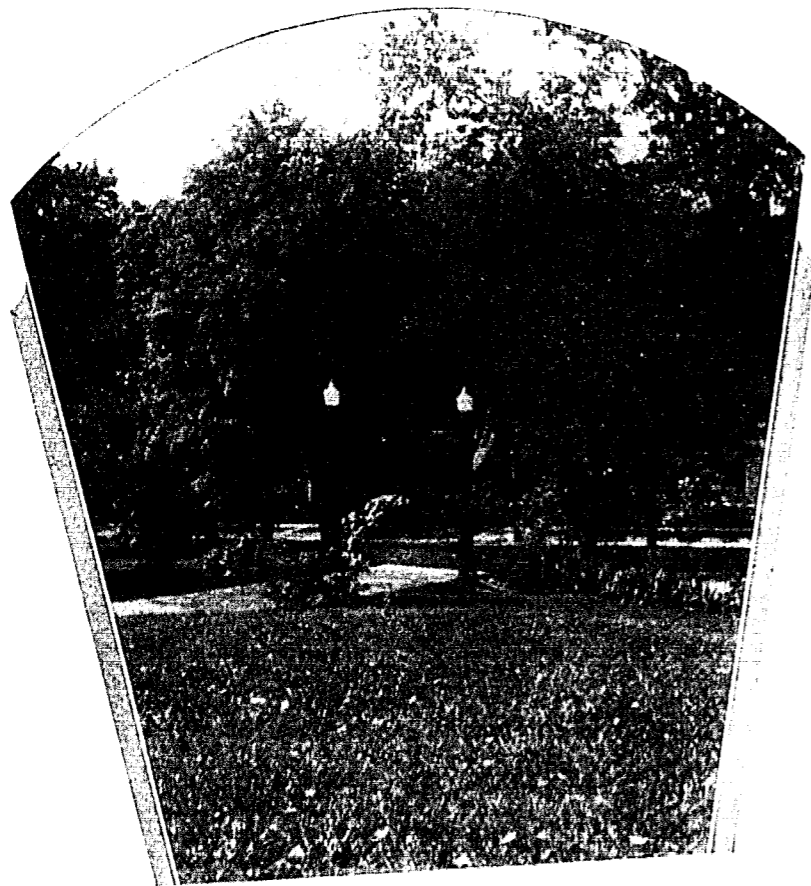

—THE DEDICATION—
—TO—
JOHN F. HERGET

FOREWORD

Into this, the twenty-fifth volume of the Tatler, we have tried to weave a motif harmonious with the William Jewell of today and tomorrow. The completion of the new Brown Gymnasium makes the building up of a strong physical body a vital factor in our educational system.

We write not alone for the present but for the quiet eventide of life when both you and I shall turn to these pages and conjure up a thousand memories, of our days on the Hill, to keep us company.

CONTENTS

Book One	ADMINISTRATION
Book Two	CLASSES
Book Three	ACTIVITIES
Book Four	ATHLETICS
Book Five	ORGANIZATIONS
Book Six	MIX-UPS

John F. Herget

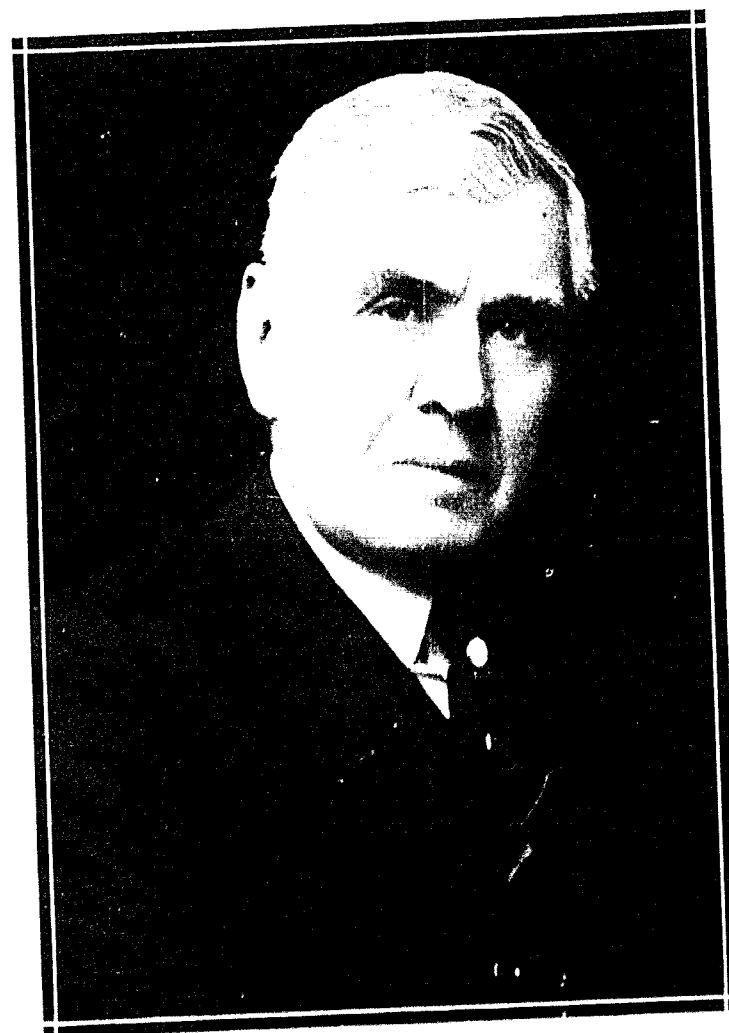

William Jewell welcomed a new President this year. He is John F. Herget. He went to school here, graduating in 1895, and after that was pastor of the Ninth Street church in Cincinnati. We think John F. Herget, (he insists on plain title) is a perfect example of Jewell spirit. The students of William Jewell College, with the editors of this book, pay their respects to the most human man on the faculty.

*Jewell Hall—Oldest of all the build- ings on the Hill, stands majestically
above the village, glancing serenely at its neighbor a mile away—It
was once used as a garrison for soldiers—"Daddy" Fruit now
reigns supreme on the third floor —Three straight, proud columns
Reminiscent days will bring you back to this old building—classes—Old Jewell.*

ENGLISH DEPARTMENT

The first step in the mastery of English is to learn to be *correct*; the next is to strive for *effectiveness*. Grammar and Composition come first; Rhetoric comes next including in its scope all that appertains to a style that persuades. All of this study is a prerequisite to the appreciation of literature as fine art. The literature of the creative imagination furnishes us with products of spiritual and perennial values. These values as opposed to the utilitarian are cultural. To know a master mind is to recreate in the process of interpretation. The workmanship of the master minds in the realm of English Literature is the distinct aim of this Department. It is most important to watch the master's work and "catch hints of the proper craft, tricks of the tool's true play."

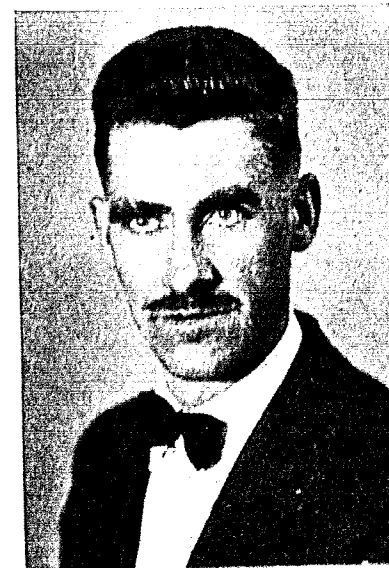

DR. J. P. FRUIT PH. D.

Professor J. P. Fruit is head of this Department. Professor Fruit obtained his Ph. D. at Leipzig. He also has the degrees of A. B. and A. M. from Bethel College.

Professor P. Caspar Harvey, who has charge of English Composition, has the A. B. and A. M. degrees from William Jewell College.

Miss Ethel Marie Henderson, who has the degree of A. B., is a graduate of Wellesley College. Miss Henderson is Instructor in English.

P. CASPAR HARVEY A. M.

ETHEL MARIE HENDERSON A. B.

MODERN LANGUAGES

CONSTANTINE BILA Ph. D.

This department aims and endeavors to attain a high standard of scholarship and a high degree of cooperation with all the other departments of William Jewell College by fostering the powers of accurate observation and rational comparison, by inculcating a finer taste for correct speech sounds, thus strengthening in the student the analytical, the synthetical, the scientific and esthetic faculties of the mind.

French, German, and Spanish are included in the work of this department. By constant drill during the first year the students learn the written and spoken language. Second year work is confined to translation, while in the third year the students survey the field of literature of the language studied. Fourth year work is given to the reading of this literature.

Professor Constantine Bila is head of the Modern Language Department. Professor Bila, who is a graduate of the University of Paris, having the Ph. D. degree from that school, is Professor of French and German.

Professor Arthur G. Byrns is a graduate of the University of Kansas where he obtained the degree of A. M. Professor Byrns, who has had thirteen years of foreign residence, is Professor of Spanish.

Martha Maxwell is a student-instructor and will graduate with the Class of 1929.

ARTHUR G. BYRNS, A. M.

MARTHA MAXWELL

Fourteen

HISTORY DEPARTMENT

JOHN KNUDSON DR. SC. POL.

Curiosity regarding our ancestors as well as a knowledge of the story of the whole of society, may be obtained by the study of History, for this, and this alone deals with all the past actions as well as the aspirations of mankind. To acquire this knowledge, an honest effort must be made to determine the exact historical happenings. Having done this, the scholar attempts to interpret this knowledge in the light of larger historical movements in any particular period.

There is always a danger of attempting the process of interpretation before a sufficient body of historical facts have been acquired. Such an attempt should be made only after the necessary facts have been collected and evaluated. If this is done, the scholar becomes "historically-minded," and is able to determine what lies behind the great historical changes. A careful student of History will avoid the evil of becoming a careless victim of the present; for an evaluation of current move-

ments should not be attempted without a correct analysis of the past.

The value of the study of History therefore lies in the fact that it is necessary for a correct understanding of the past, clear interpretation of the present, and a closer anticipation of the future. To present these historical facts in definite order, is the purpose and aim of the History Department.

Professor John Knudson is head of the History Department. Professor Knudson has the degree of Dr. Sc. Pol., from the University of Geneva, Geneva, Switzerland. Professor Knudson has done extensive work in Political Science both in this country and abroad. His thesis for the Doctor's degree concerned International Legislation, a study which takes him back to Europe again this summer.

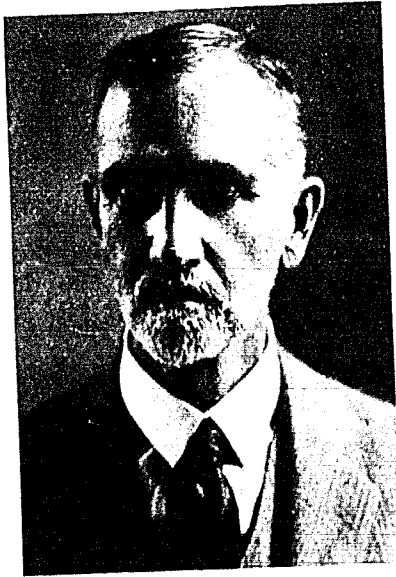

Professor Homer Huff was formerly Student-Instructor in the first year History courses, but has since resigned to become Field Representative and Personnel Secretary of the College.

HOMER HUFF

BIOLOGY DEPARTMENT

C. J. ELMORE Ph.D.

The purpose of the Biology Department is to acquaint the students with the living things of nature. A knowledge of the laws of life is necessary for all peoples at all times. This Department gives a general course in Biology during the student's first year. Three years of advanced work can then be acquired. The study in this department may serve as a prerequisite for advanced study in Medicine, Horticulture, Forestry, and Agriculture.

Knowledge of the fundamental laws of nature is necessary for a definite understanding of Psychology, Sociology, and associated sciences.

The biology Department is well equipped with new tables and supplies. There are three laboratories. Two are used for advanced work while the third which accommodates four sections of forty-eight students each, is used by first year students.

The Museum which is in connection with the Biology Department, has been equipped to handle an extensive number of specimens. It is open for the display of specimens from other Departments. The College herbarium consists of 5000 specimens collected in 36 states and foreign countries.

C. J. Elmore, who is head of the Biology Department, is a graduate of the University of Nebraska and has the degree of Ph.D. from that school. He also has the A. B., and A. M. degrees from the same school. Dr. Elmore has written extensively on biological subjects.

He is aided in the work of the Department by his daughter, Miss Mary Elmore. Miss Elmore is a graduate of William Jewell College, having the degree of A. B. from this school. She has, also, the A. M. degree from the University of Kansas where she is doing graduate work.

MARY ELMORE, A. M.

Sixteen

SOCIAL SCIENCE DEPARTMENT

CLOICE R. HOWD, Ph.D.

The point of view of this department is that in this complex world in which we live, some knowledge of social science is necessary for the development of a well rounded and efficient personality.

At present this department is not equipped to furnish any great amount of professional training, but it is trying to lay the foundation so solidly that on it may be builded a professional training in other schools, as well as furnishing that general basis of culture which is essential to all those who are to live the efficient life of a citizen in this modern age. At present only the groundation courses are offered, enough for a major in Economics and Sociology combined, or for a straight Sociology minor. Next year it is planned to offer a straight Economics minor, and it is hoped that before long, a couple of years at most, straight majors may be offered in both Economics and Sociology.

Professor Cloice R. Howd is the head of the department coming to William Jewell from the University of Montana, where he was teaching. Professor Howd's degrees include: B. A., Linville College, 1912; B. D., 1917, and S. T. M., 1919, Berkeley Baptist Divinity School; M. A., 1918, and Ph. D., 1923, University of California.

Professor Howd is a member of the American Economic Association, American Sociological Society, Pi Kappa Delta, Pi Gamma Mu, and is an associate editor of Social Science, a magazine devoted to the analysis and study of sociological questions.

Verna Church is assistant instructor in this department. Miss Church is a graduate of William Jewell, having obtained an A. B. degree with the class of 1928.

VERNA CHURCH A. B.

Seventeen

PHYSICS DEPARTMENT

J. E. DAVIS A. B.

The purpose of the Physics Department is to acquaint the students with the underlying laws of physical force that control the world in which we live.

The study of Physics deals with the phenomena associated with matter in general, especially its relation to energy, and of the laws governing this phenomena, excluding the special laws and phenomena peculiar to living matter which is taken up as a study in the Biology Department. And also the special laws of matter which are dealt with in the Chemistry Department.

The study of Physics in this Department embraces about six different studies. They are as follows: first, a study of the properties and constitution of matter; second, a study of mechanics; third, a study of acoustics; fourth, a study of heat; fifth, a study of optics; and last, a study of electricity and magnetism.

The study of Physics in this department serves as a background for advanced work in this field as well as the necessary prerequisite for work in Engineering, Surveying etc.

Prof. J. E. Davis is the head of the Physics Department. Professor Davis is a graduate of William Jewell having obtained his A. B. with the class of 1907. He has completed twenty-four majors for his Ph.D. at the University of Chicago.

He is assisted in the Department by Charles Burke who was graduated with the degree of A. B. with the class of 1928. Instructor Burke is also an Assistant Instructor to Professor Denton of the Mathematics Department.

CHARLES BURKE A. B.

Eighteen

CHEMISTRY DEPARTMENT

GEORGE F. WEIDA PH. D.

The aim of the Chemistry Department is two-fold in nature. One of the first purposes of the Chemistry Department is to give as many students as possible a clear understanding of the fundamental laws of Chemistry that will enable them to efficiently carry on work in other fields. The second aim of the Department is to prepare students for advanced work in this field in graduate schools and to provide the necessary background for the study of Medicine and other like subjects. The work of the Chemistry Department although academic in nature verges into the technical.

The preparation for graduate work carried on by this Department is very thorough. The Chemistry Department is dependent to a certain extent on the other departments of the College, requiring a certain knowledge of foreign language and other science. The Chemistry Department wishes to cooperate fully with the other Departments of the College.

The Department is headed by Professor George F. Weida who has the Ph. D. degree from Johns Hopkins University. He was formerly Professor of Chemistry at Ellsworth College.

Professor W. O. Walker who is head of the advanced work of the Department, is a graduate of William Jewell having obtained his A. B. in 1919. Professor Walker has the degree of S. M. from Chicago University where he has completed all research work for Ph. D. except the thesis.

The Chemistry equipment of the College contains several well outfitted laboratories and stock rooms.

PROFESSOR W. O. WALKER

Nineteen

EDUCATION DEPARTMENT

J. B. SULLIVAN A. M.

The objectives of the Department of Education are as follows:

First, to prepare teachers for secondary schools.

Second, to prepare administrators for positions in public schools.

Third, to give students not preparing to teach an insight into the place, purposes, and problems of education in American civilization.

Fourth, to give a good foundation for advanced study in Education and Psychology.

Fifth, to give training, during the summer session, to elementary school teachers as well as to secondary school teachers.

Professor J. B. Sullivan is head of the Department of Education. Professor Sullivan has the degree of A. M. from Columbia University, and has completed all work for the Ph.D. degree at George Washington University except the thesis.

Professor Robert W. Frederick has the Ph.D. degree from New York University. His other degrees include an A.B. from Denison College and an A.M. from Yale University.

Most of the work in the education department is of practical nature, courses being given in methods, the technique of teaching and subjects dealing with extra-curricular activities, administration, and direction of high school work.

R. W. FREDERICK Ph.D.
Twenty

PHYSICAL EDUCATION

R. E. BOWLES A. B.

With the completion of the Brown Gymnasium the Physical Education Department is well equipped to carry on an extensive program of Physical Education. Two years work in Physical Education will be required for graduation starting with the 1929 school year. Offices and class rooms of this department are in the gymnasium.

Courses in coaching will be given to students who wish to coach in high schools. Only students who participate in one of the major sports, however, will be permitted to enter this course.

The aim of this department is likened to the theme of the Tatler in that it hopes to strengthen the physical being of the students in order to make them more efficient citizens. Another aim is to prepare teachers for physical education work in the public schools.

A course in Hygiene and Sanitation is given by Professor Bowles, who heads the Department. It is the purpose of this course to discuss the fundamental laws of health and the health relations of

the individual to the community.

Professor Bowles is a graduate of William Jewell obtaining the degree of A. B. in 1912. Professor Bowles has also had two summers of work at the University of Wisconsin and one summer of study at Lake Geneva, Wisconsin. He was head coach of athletics from 1913 to 1927.

Professor Collins is a graduate of the University of Missouri where he obtained the B. S. degree. He is Head Coach of athletics and has charge of the gymnasium equipment.

Coach Collins formerly coached at Liberty High School and at Missouri Wesleyan College.

Professor Bowles has been Athletic Director for the past two years.

W. N. COLLINS B. S.

BIBLE DEPARTMENT

H. I. HESTER Th. D.

It is the purpose of the Bible Department to present not only to the ministerial students but to all students an adequate working knowledge of the Bible based on the best of scholarship and research. The work of this department is limited so that the working basis is more of the academic than the theological, the latter usually being given in the Seminaries. Two of the courses in this Department deal with Bible from the historical standpoint.

The work in this Department is a regular part of the system of the College and is intended for all the students.

Professor H. I. Hester is head of this Department. Professor Hester is a graduate of the Southern Baptist Theological Seminary where he obtained the degree of Th. D. in 1923. He also has the degrees of A. B., and Th. M., from Wake Forest College.

MUSIC DEPARTMENT

The Music Department of the College has charge of the College Glee Clubs, and all other work in connection with the Music of the College. There are courses given in Musical Appreciation and regular College credits for participation in the work of the Glee Clubs. The Department provides private instruction in voice, piano, and violin.

Professor David Grosch is head of the Music Department coming to William Jewell this year. Professor Grosch formerly studied with Samuel DeLange of Stuttgart, Germany, Hermann Devries of Chicago, Adolph Schulze of Berlin, and John Petrie Dun of Edinburgh.

Before coming to William Jewell, Professor Grosch was instructor in the Bush Conservatory, the Chicago Musical College, and was Dean of the Conservatory of Music at Baker University.

DAVID GROSCH

Twenty-two

ANCIENT LANGUAGES

ALLEN J. MOON L.L. D.

The Department of Ancient Languages includes the study of Latin and Greek. The study of Greek while valuable to all is particularly helpful to ministerial students. Latin as a study is needed for an efficient study of the Romance Languages.

This Department hopes to present first, the study of the language itself, then to lead up to the study of the ancient literatures, that provide a cultural background for advanced work in other fields. A definite knowledge of Latin and Greek is found to be very helpful in Biology where the technical words are given in these languages. The same applies to all other studies. The Latin and Greek languages form the basis for nearly all of the English language.

It is then, the purpose of this Department to acquaint the student with these two languages in order that they may form a part of the complex

background that is needed in other studies.

Professor Allen J. Moon is head of the Latin Department. Professor Moon has the degree of L.L. D. from Howard College. He also has the A. B. and A. M., degrees from the same school.

Professor Frederick Derwacter is head of the Greek department. Professor Derwacter has the Ph. D. degree from the University of Chicago, this being his first year at William Jewell. The enrollment in this department is nearly entirely composed of ministerial students who are intending to do graduate work in Theology.

FREDERICK DERWACTER Ph. D.

Twenty-three

THE LIBRARY

J. C. ARMSTRONG A. M.

The Carnegie Library, in charge of J. C. Armstrong, contains 37,053 books and catalogues. The Library serves the town as well as the college. The reading room accommodates 100 students and is open from 7:50 a. m. to 12:00 m. and from 1:15 p. m. to 9:45 p. m. The Library receives about 145 periodicals, about fifty of these being bound.

J. C. Armstrong, who is Librarian is a graduate of William Jewell, having the degrees of A. B. and A. M. from this school in 1874 and 1875 respectively. He has been Head Librarian for the past seven years.

Miss Bessie Gillette, who has the degree of A. B., graduating with the class of 1927 is Assistant Librarian. There are six student assistants who complete the Library staff.

MATHEMATICS DEPARTMENT

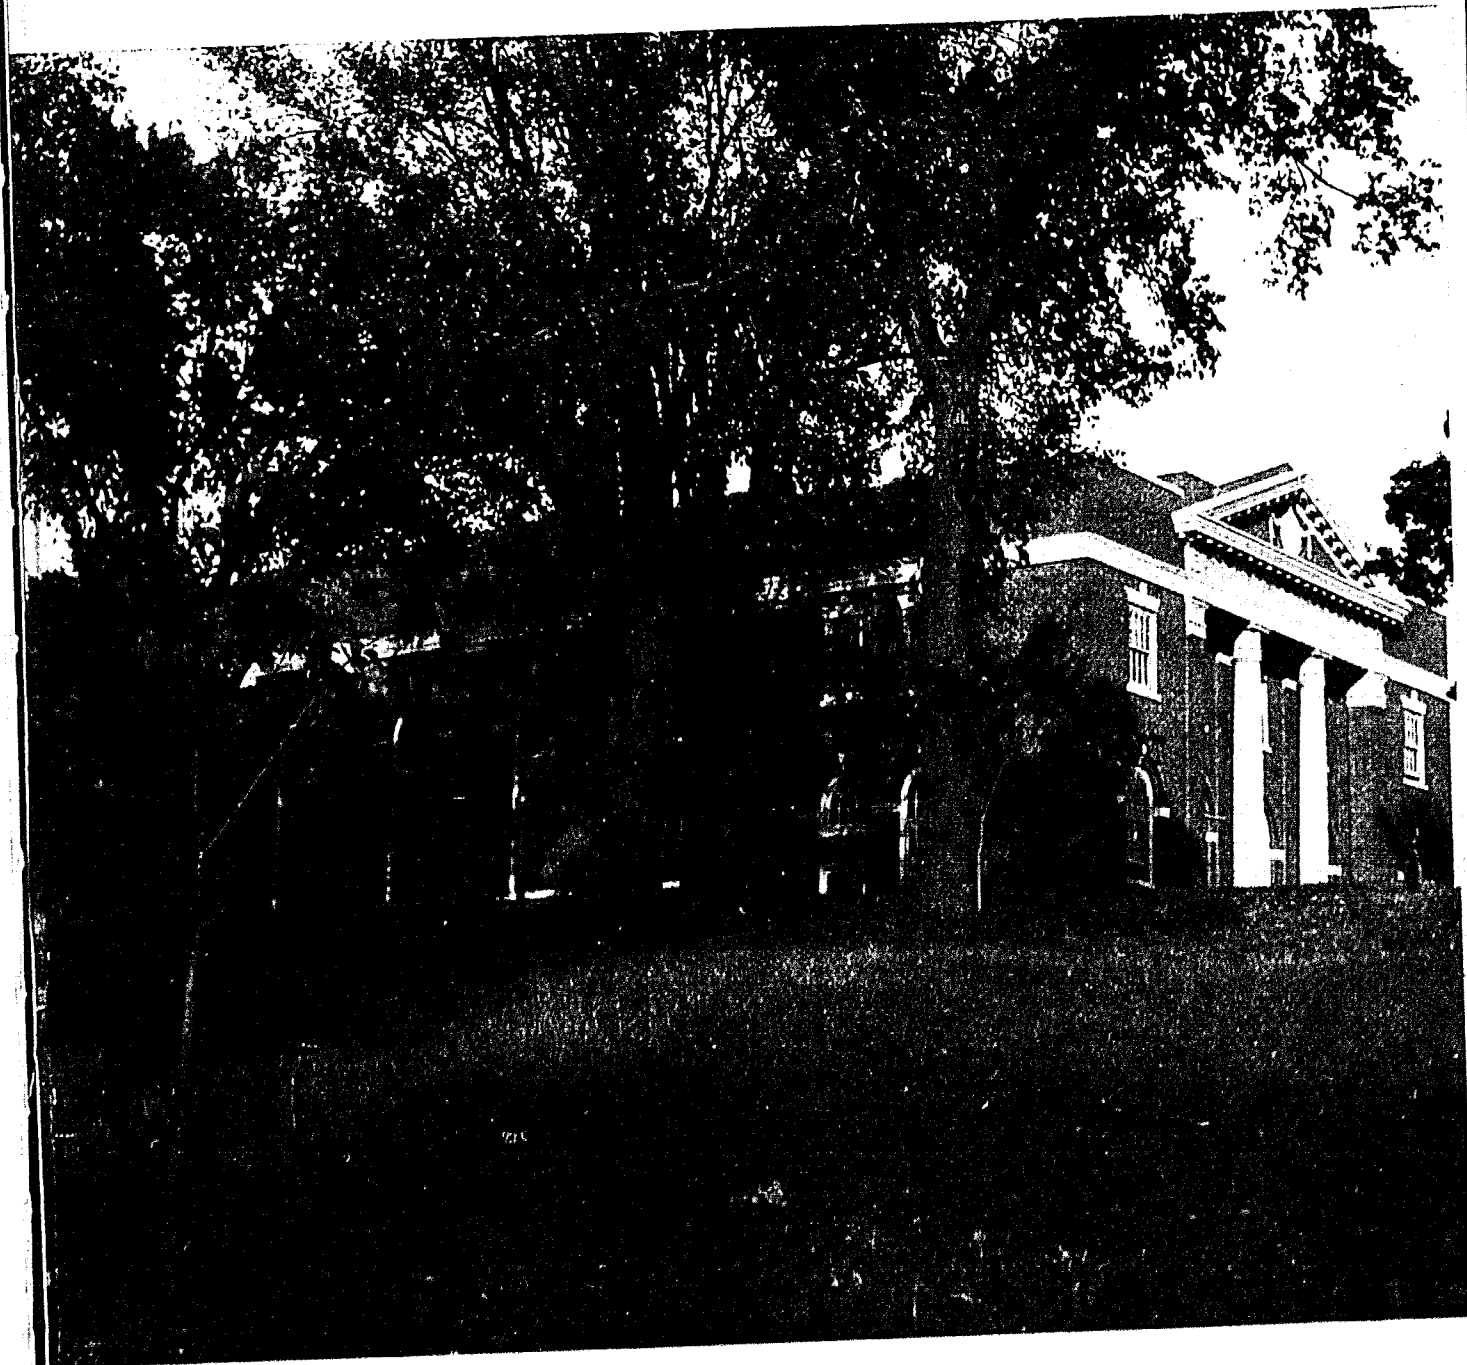

This Department includes the study of Mathematics and Astronomy. The aim of this Department is to give the students who wish to major in mathematics a foundation that will better qualify them for institutions of higher learning. It is also the aim of this Department to offer a phase of Mathematics that will prepare the students for advanced work in technical schools and give to the first year students a phase of Mathematics that will be applicable to the field of their study in other science.

Professor B. E. Denton who is head of this Department has the degree of A. M. from George Peabody College. He is assisted by Charles Burke.

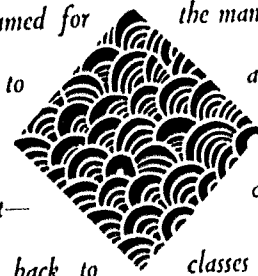

B. E. DENTON A. M.

MUSIC

MUSIC

DAVID GROSCH—MUSIC DIRECTOR

The Music Department of William Jewell College exerts a far reaching influence to the friends of the college throughout the state, as well as the students on the Hill. Numerous concerts are given throughout the year in different towns in the state, as well as chapel concerts, given to the students.

The purpose of these concerts is to create a spirit of good will and fellowship between the College and the friends of the College in the state.

The Music Department maintains two glee clubs. The Men's Glee Club is composed of twenty-four members. The Girls Glee Club is slightly larger being composed of thirty members. The combined membership of the two Glee Clubs forms the chapel choir. In this way the work of the Department is brought into a closer touch with the student body. This work of the Glee Clubs tends to bring about a more helpful chapel song service.

Those interested in the Department through participation in its work receive a decided informational value. On the other hand the entire student body receives a large amount of cultural knowledge from the class of work presented by the Department.

Membership in the Glee Clubs is determined by the Music Director after the applicant has been given a try-out. Emblems and sweaters are given to members of the Glee Clubs. The emblem is given on the completion of the first year's work, the sweater being given at the end of the second year.

Mr. David Grosch is Director of the Glee Clubs and head of the Music Department.

Mr. Lee Grace is business manager of the Glee Clubs, planning the extended trips throughout the state and the home concerts.

NOTES OF THE MUSIC SEASON

The work of the Music Department is financed by a special two dollar student activity fee that is paid by each student at matriculation. The Glee Club trips are financed by paid admittances and offerings taken at the place of concert.

The work of the Glee Clubs was somewhat handicapped this year due to the fact that the Department personnel changed in the middle of the season.

The Men's Glee Club took the first trip of the year March 18. The itinerary of the trip included concerts at Marceline, Rothville, Cameron, and St. Joseph. The concerts were well received at each of the towns.

A trip has been planned for the Girls' Glee Club. That itinerary will include visits to Marshall, Carrollton, Slater, and Kansas City. Prospects for a very successful trip are in sight.

Much of the success of the work of the Glee Clubs this year should be given to Lee Grace, who has planned the home concerts and and the trips taken by the Clubs.

The College Male Quartet is composed of Raymond Barr—first tenor, H. A. Selves—Second Tenor, Chester Maul—first bass, Lee Grace, second Bass.

One feature of the Glee Club concerts was the very entertaining readings given by Miss June Wright.

There was no official College Band this season due to the late start of the new Director.

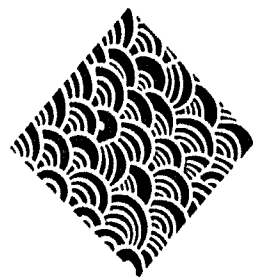

While in St. Joseph, the Men's Glee Club broadcast a program over radio station K F E Q.

On the trip taken by the Men's Club, Mr. Grosch was able to direct the Club only two nights, at Cameron and Patee Park Church, St. Joseph. Lee Grace successfully directed the Club at the other concerts of the trip.

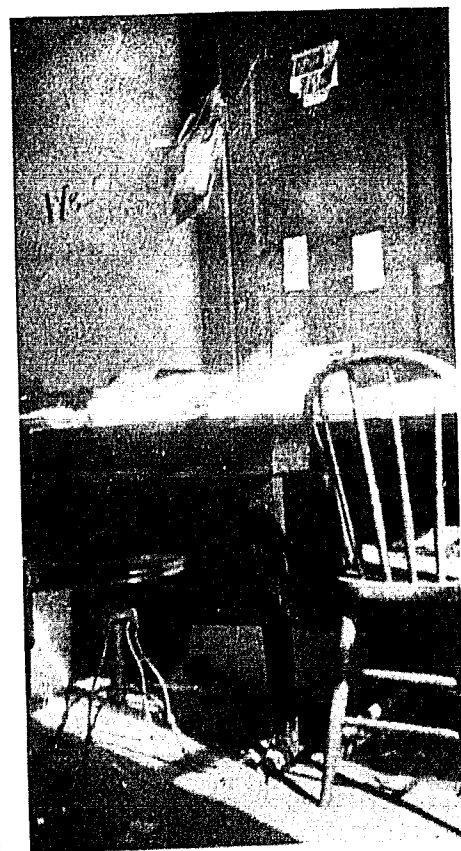

Robert Edson, former yell leader of Jewell joined the Men's Glee Club at St. Joseph and led the club in a yell over station K F E Q.

THE TALLER

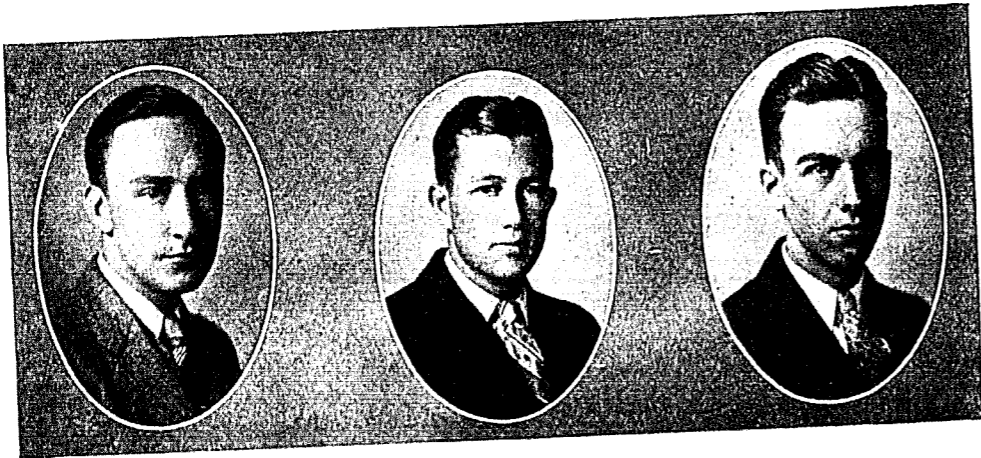

1929

PUBLICATIONS

THE WILLIAM JEWELL STUDENT

ARTHUR RINGO Editor first half '28-'29
 BEVERLY CARMICHAEL Business Manager
 HARRY RICHARDSON Editor last half '28-'29

The William Jewell Student is the only student publication on the Hill that is recognized officially. There are thirty-two issues of the paper during the school year, one each Wednesday with the exception of examination weeks. The Student is a four page, five column paper.

Financing of the Student is carried on in three different ways. An appropriation is given by the Board of Trustees amounting to two hundred dollars, two dollars is taken from the student activity fee of each student, and third, an income is afforded in advertising space sold. Financial reward to the staff is afforded only in proportion to the surplus their efforts make possible.

News of the College, society notes, campus opinions, humorous and feature articles make up the body of the paper. The news gathering of the paper is carried on by a staff chosen by the Editor at the beginning of the year, and by those enrolled in English 18, who are given special assignments. The members of the Student Staff hold their offices for the entire year.

Editors of the Student are elected by the student body at the close of the first half of the year, and at the close of the year. In this way they serve as associate editor for half a year before assuming the full responsibility of the editorship. The Business Manager is elected by the student body at the close of each year and serves for the entire following year.

An extensive exchange service is maintained with high schools and college papers.

THE 1929 TATLER

ROBERT H. MCPHERSON
Editor-in-Chief

ROBERT F. SEVIER
Business Manager

The Tatler is the annual publication of the student body of William Jewell College. The purpose of the Tatler is to present the events of the school year in chronicled form in order that they may endure for years to come in the memory of the students who cherish the happy days spent on the Old Hill. Editorship is not an original venture into the realm of literary work but is simply the compilation of the news and events that are presented during the year.

The art theme of the Tatler is in keeping with the past season. With the completion of the New Brown Gymnasium, the William Jewell of tomorrow will be one in which the building up of a strong physical body will share equal importance with the mental and moral side of the student's life. The Olympics—season of world sports—each of these events teach a lesson to the Jewell of tomorrow. A strong and clean physical body—therein is the theme of the 1929 Tatler.

Seventy-two

THE 1929 TATLER

The 1929 Tatler was produced at a cost of approximately \$2830. The production of the book was taken care of entirely by students. The art work, mounting of panels, and sketches for the cover and division pages, were the results of the efforts of the editorial staff.

The business staff had charge of all monetary matters connected with the publishing of the book, and the budget.

THE BUDGET

THE TATLER

The Tatler repeated last year the record it has tried to uphold, since first winning national recognition in 1925. The 1925 Tatler, entered in the nation-wide contest conducted by the Central Inter-Scholastic Press Association, won the highest award in class "B" (colleges from 300 to 700 enrollment). The 1926 Tatler repeated, winning the highest number of points that any Tatler has yet obtained, the total being 960 out of a possible 1000. Again in 1927 the Tatler was a Pacemaker in this contest. The 1928 Tatler repeated although the percentage dropped slightly.

So, for four consecutive years the Tatler has won national honors. This record has served as a guiding stimulus to editors of the 1929 Tatler.

The William Jewell Press which employs college students has printed these Tatlers as well as other prize winning books.

McMein.

My dear Mr. [unclear]

I'm sorry to have been slow
about picking the prize winner - they all look
like such good girls.

Two or three people in the studio
one afternoon helped me pick out the favorite:
Nora Edwards, Lynn Fontaine, and Phyllis Kolandy -
so she is a kind of universal favorite.

Thanks very much for asking me
to judge.

Cordially,

Neysa McMein

ATHLE

R. E. "DAD" BOWLES

Athletic Director of William Jewell College

To "Dad" Bowles is due no small amount of credit and praise for the enviable record William Jewell has set up in athletics in the past and hopes to establish in the future. "Dad" became head Coach of the William Jewell athletic teams in 1912 and since that time the name "Jewell" in athletic circles has been both feared and respected. "Dad" Bowles has always tried to instill in his "boys" a feeling of fair play and clean hard-fought sportsmanship. The editors of the Tatler share with "Dad" and the student body the pride the new Gymnasium brings to Jewell athletics. It has been through the efforts of "Dad" Bowles that William Jewell athletics demand such equipment. "Dad" no longer coaches; however, his activities as Athletic Director keep him in close touch with the athletic teams.

THE TATLER

W. N. "Bill" COLLINS

Head Coach of Athletics in William Jewell College

W. N. "Bill" Collins has been Coach of Athletics since 1926. "Bill" in the few years he has been at William Jewell has made a host of friends in the student body. He is an exponent of clean athletics and this spirit he has built up in the Jewell teams he has coached. On the field or on the campus "Bill" is always the same. The future for Jewell athletics with "Bill" at the helm should hold much in store.

THE 1928 SEASON

The season of 1928 was a rather indifferent one in relation to outstanding victories but one marked with brilliant play at times. Beginning with a well earned victory over Washburn College, an ancient rival, and closing with a scoreless tie but a moral victory over the Warrensburg Mules, in a Thanksgiving Day game played in a sea of mud, the season held much of hope and expectation, followed by injury, disappointment, and defeat; an in-and-out season, yet one that found Jewell in possession of fourth place in the Missouri College Union standings as the final curtain fell.

After picking a team from twelve returning lettermen and a host of new material, Coach Collins quickly developed a smooth working machine for the first game with Washburn at Topeka.

Top row: Hickman, Coach Collins, Buxton, Conway, Watkins, Cross, Corl, Wallace, Combs, Forbis, Dunfee, Hoover, Ringo, Heaton, Pence, Johnson, J. Carmichael, Elston, Correll, B. Carmichael, Martin. *Second row:* Thompson, Tolson, Walker, Dunphy, Jordan, Spradley, Clutter, Hudlemeyer, Forderhase, M. Davis, Billings. *Bottom row:* Morse, Majors, Davidson, Green, Adams, Petty, K. Davis, Summers, Chauncy.

Ninety-two

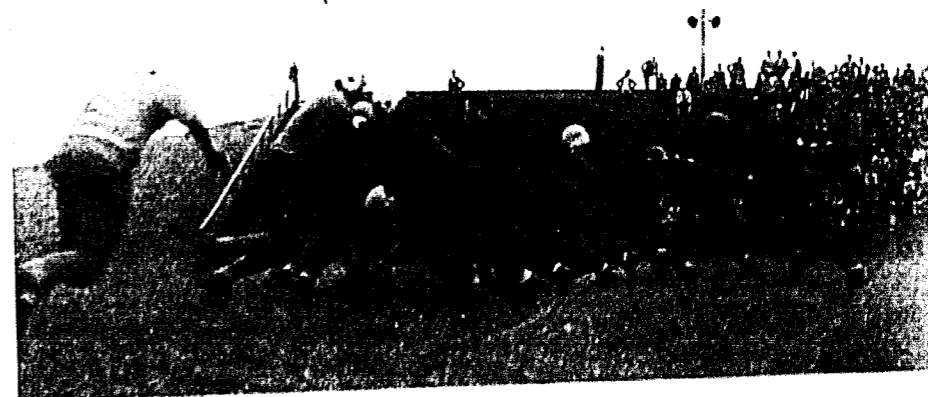

THE TATLER

M. Davis, *End* Hudlemeyer, *Guard* Martin, *End* Spradley, *End*

The Topekans were playing before an assemblage of some 7,000 fellow Kansans who had come to see the new Washburn stadium dedicated by a victory. Scoring a touchdown in the first five minutes of play on an 8-yard plunge by Captain "Alec" Walker, after the first 1928 version of the famed Walker-to-Dunphy pass combination had resulted in a 27-yard gain, the Cardinals were never headed. The Ichabods were forced to accept the small end of a 20-12 score.

Tarkio College disclosed unlooked-for strength the following week in holding the Cardinals scoreless for the first three quarters of the game, while scoring a touchdown themselves in the third quarter. Faced by the possibility of their first defeat in 21 years at the hands of a Tarkio eleven, the Jewell team quickly staged a comeback, scoring early in the last period as two passes from the hands of Captain Walker found their mark in the waiting arms of "Pewee" Davis. Walker's toe brought the point that spelled victory, 7-6.

Petty drives over for a touchdown against the Ichabods.

Ninety-three

THE TATLER

Clutter, *Quarterback* Dumphy, *Halfback* Petty, *Fullback* Buxton, *Center*

Playing their first home game of the season the following week, the Cardinals suffered a 20-0 defeat at the hands of the Central College Eagles. The defeat was especially disastrous, as Captain Walker received a badly sprained ankle in the game, an injury which kept him out of the line-up for two weeks and greatly slowed up his play for the remainder of the season.

The Big Red Team showed a reversal of form the following week, and playing on the Culver Stockton gridiron defeated the Bear Cats, 34-0. Clutter, Petty and Carmichael scored four touchdowns between them, Buxton accounting for another when he recovered Landree's fumble as the Bear Cat half was tackled behind the goal-line.

The Cardinal jinx on the home field manifested itself twice more before the season closed, as the Rockhurst College Hawks and the Vikings of Missouri Valley college defeated the Jewell eleven by scores of 26-6 and 25-0 respectively.

Gray is stopped, but Central wins.

Ninety-four

THE TATLER

Forderhase, *Tackle* Hickman, *Guard* Billings, *Halfback* Carmichael, *Fullback*

The annual Armistice Day battle with Baker university at Muehlebach field was the next encounter for the much-bruised and battered Cardinals. Throughout the first half of the game with unusual situations and sensational 'breaks' the Big Red Team held their highly touted opponents scoreless.—But fate had decreed that the mighty Wildcats should go through the season undefeated, and before the pounding of a great Baker backfield the Big Red Team was forced to accept a 20-0 defeat.

The Drury Panthers then gained a sweet revenge for their 43-0 defeat at the hands of the Cardinals in 1927 by emerging the victors in a hard-fought game at Springfield, 12-0.

A gridiron ankle-deep in mud and water was the scene of the contest on Thanksgiving Day with the Warrensburg Teachers, and in the face of determined opposition both from their opponents and from Mr. J. Pluvius, a sustained drive proved impossible for either team. At the end of sixty minutes of line-slipping and end-coasting the score had reached the only logical outcome possible: Warrensburg 0, William Jewell 0.

Baker fumbles on the goal line; Jewell recovers.

Ninety-five

THE TATLER

Toalson, *Guard* Correll, *Guard* J. Carmichael, *Tackle*

Toalson and Hudlemeyer are the only players lost to the team through graduation, and with these exceptions the Cardinal squad will probably remain intact for the coming year, under the leadership of Captain-elect "Ham" Jordan.

BASKETBALL

Everett Webdell, Captain-elect, *Forward* M. N. "Puny" White, Captain, *Center*

BASKETBALL 1929

A very successful season was enjoyed by the Cardinal quintet in 1929. The team finished in second place in the Missouri College Union standings, with a record of eleven victories and two defeats, the defeats coming at the hands of Central and Westminster. These decisions were balanced by Cardinal victories over both the Eagles and the Blue Jays during the season.

Opening the season against the powerful Blue Diamonds of the Kansas City Athletic Club, the Jewell five demonstrated their fitness for Conference play by holding the finalists in last year's national tournament to a three point victory, losing, 26-23. After handing the Kansas City Junior College a 39-15 drubbing in another pre-season encounter, the Big Red Team began a string of six consecutive Conference victories by defeating the Central Eagles at Liberty by a 47-38 score. Following a pair of wins from both Tarkio College and Rolla School of

Norman

Beamer

Carmichael

Mines, the Cardinals made the road trip which was to prove disastrous to their championship aspirations. After defeating Missouri Valley at Marshall, the Jewell five was stopped by Central and Westminster on successive nights. Following a pair of easy Non-Conference wins over Junior College and the Kansas City De Molays, the Cardinals twice more demonstrated their superiority over Tarkio by defeating them in the first Conference games to be played in the New Brown gymnasium, and then gained a sweet revenge from the Westminster Blue Jays by running up a 33-21 score on the occasion of the first appearance of a Westminster athletic team in Liberty since the break of relations in 1926. Two more victories were added to Jewell's list as Missouri Valley and Drury colleges met defeat in New Brown by scores of 45-24 and 42-33, respectively. Meeting the Bowman Class team, champions of Kansas City, Kansas, in the first round of the National Tournament, the Cardinals were defeated, 37-36.

Captain White led the conference in scoring. Webdell, captain-elect, was also a high scorer. The team will be handicapped next year by the loss of White, Norman and Beamer

The famed Jewell defense in action.

Captain White tries a long one; he's funny that way. *One hundred*

TRACK

THE 1928 SEASON

The 1928 track season was one that saw the William Jewell banner carried to national honors and to the throes of defeat, a very inconsistent season for the Jewell tracksters. The squad boasted several stars but lacked balance which accounted for the losses during the campaign.

Leo Brooks, entered in the Illinois Relays at Urbana on March 17th, took fifth place in the high jump in a meet that brought a host of national collegiate stars into competition.

The Jewell team entered it's first meet of the season April 7th, against Wentworth Military Academy. The Cadets were favored to win the meet but were forced to take the short end of a 60-54 score, by a hustling Jewell squad. Meade of the Cadet squad was high-point man being closely followed in the scoring column by Walker of Jewell. Kiger and Grace of Jewell lost to Hurt and Miller of Wentworth, in a tennis match held in conjunction with the meet.

On April 16th, the Missouri Wesleyan Owls still clinging to the coaching principles given them by Coach Collins of Jewell in his days at the Cameron school, handed the Cardinals a severe 78-43 drubbing. Jewell also lost the tennis matches 2-1.

The Drake Relays rolled around April 28th, and with it a national championship for a William Jewell contestant. Homer Martin, for the fourth time in his college career won the hop, step, and jump championship, with a leap of 47 feet 4 3/4 inches. Engleman of South Dakota State, Lee of Illinois, and Vana of Iowa, all finished below Martin, along with a host of lesser stars. It was the second straight year that Martin, the "Leaping Parson," had cap-

Bridges and Gates off to a quick start

One hundred two

THE 1928 SEASON

tured the Drake title. Martin did not attend the Olympics as a representative of the United States team losing in the final try-outs at Boston.

In a Quadrangular meet at Baker University, Baldwin, Kansas, April 27th, William Jewell took second place, Baker winning first place with 82 5-6 points. The other entries, Ottowa and St. Marys, finished third and fourth respectively. Jewell barely eked out the second place victory by taking first in the half mile relay, one of the last events.

On May 4th, the Warrensburg Teachers gave the Jewell team one of its worst drubbings of the season. With Vernon Kennedy, the national decathlon star in near perfect form, the Teachers romped off with an easy 90-30 win. Kennedy took firsts in the discus, javelin, and shot put, tying with Walker of Jewell for first in the pole vault. In the tennis matches preceding the meet, Jewell lost two and won two matches. Webdell of Jewell won his singles match and paired with Shelton to win the doubles. Shelton and Kiger of Jewell dropped singles matches.

On May 11th, the Central Eagle track squad tried to imitate the Warrensburg squad and succeeded fairly well. The final count found the Cardinals on the small end of 91 1-2-30 1-2 score. The meet was held at Fayette. Gray of Central was high-point man taking three firsts. Jewell was strong in the field events but failed to win on the track.

J. Oliver "Smoky" Keller was captain of the William Jewell squad during the season. "Smoky," while not in the form that made him one of the premier sprinters during his freshman year, turned in many brilliant performances during the season. He was a member of the half mile relay team, besides competing in the dash events.

Gates wins the "four-forty" in a close decision.

One hundred three

"Alec"

THE ATHLETIC SEASON

The 1928-29 season at William Jewell was one that brought many honors to the school.

The football squad under the tutelage of Coach W. N. "Bill" Collins while not winning the championship turned in many sterling performances during the season. The squad was hampered by the lack of a suitable field house and gymnasium and by the graduation of several stars the previous season. Coach Collins moulded a very successful team from the material he had. Captain Ralph "Alec" Walker a shining star for the two previous seasons was handicapped throughout the year with injuries. Coming into the Central game in apparently perfect shape Walker was injured and never regained his top form during the season although he continued to play.

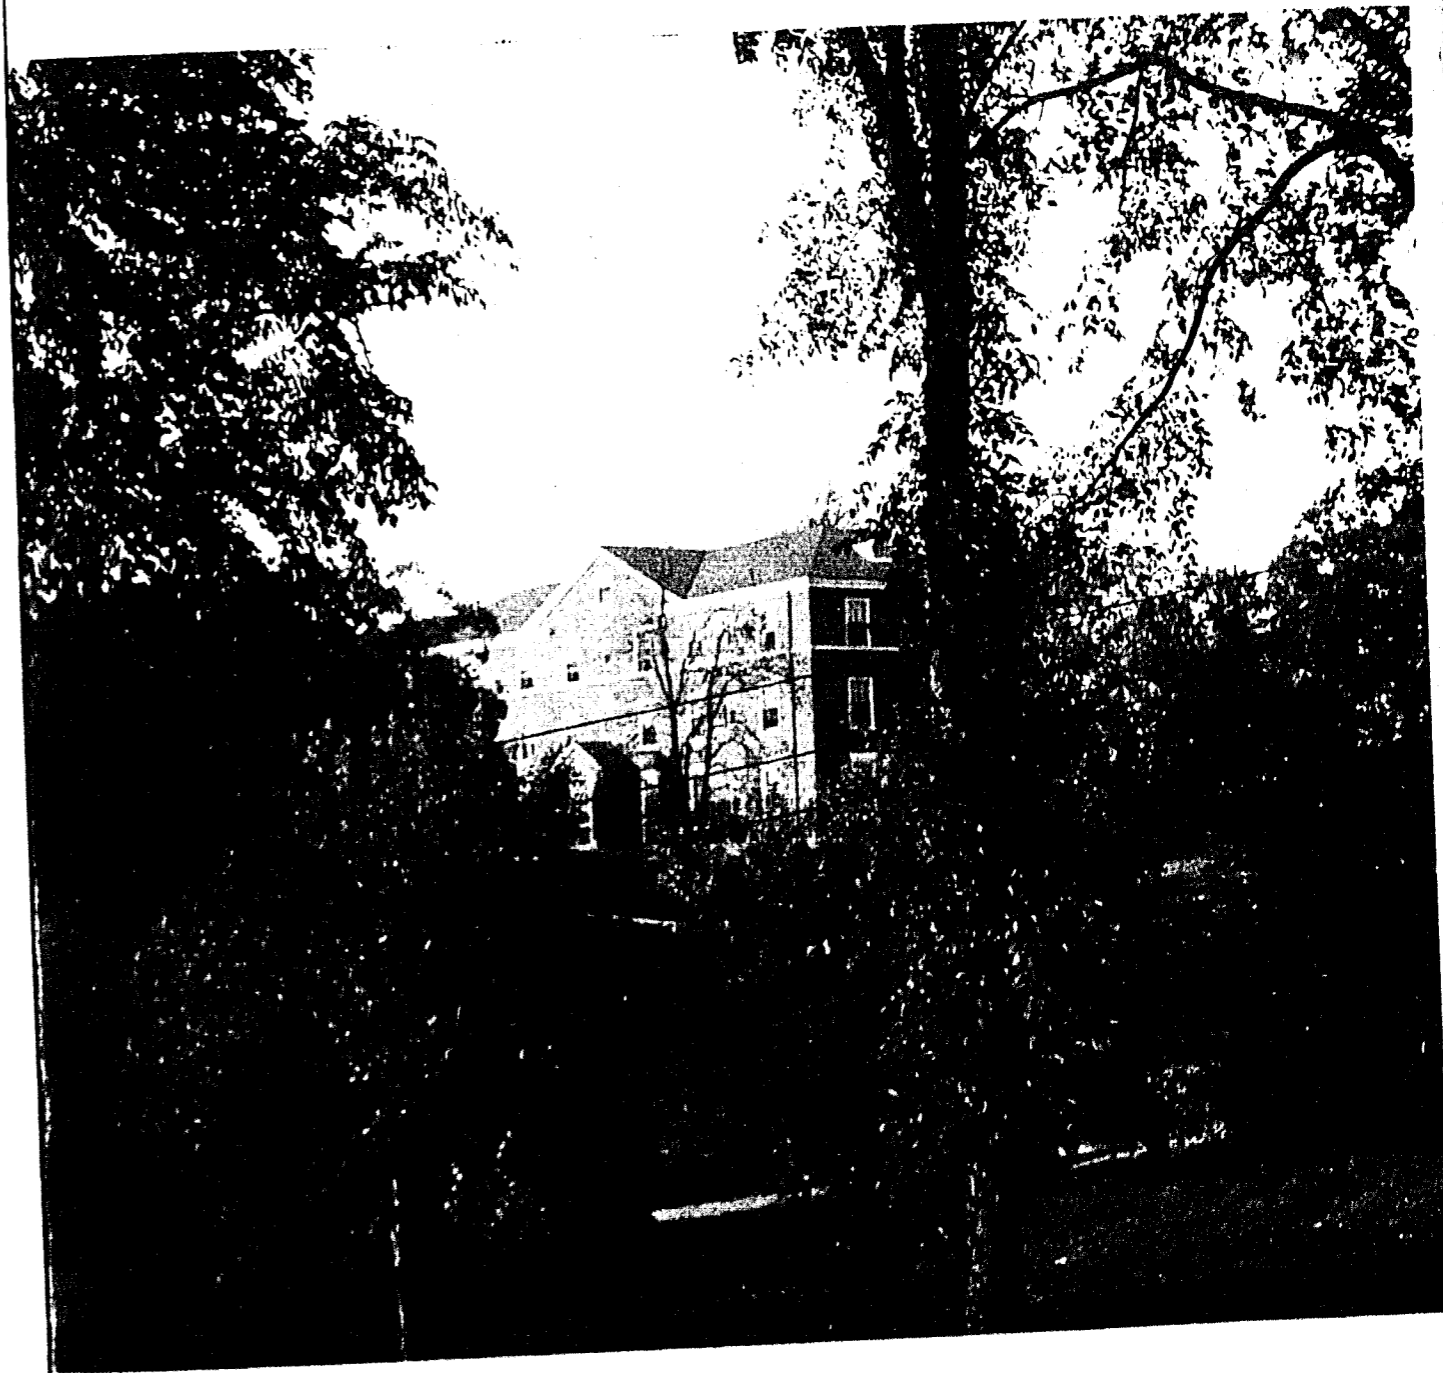

The basket ball squad, captained by M. N. "Puny" White, went through a very rigorous schedule winning eleven conference games, while losing only two. The team finished the season in second place in the Missouri College Union standings. The loss of the championship might be accounted for in the fact that the team was placed on a difficult road schedule that required games with Central, Westminster and Missouri Valley on successive nights. The Missouri Valley quintet was downed the first night of the trip, but the games with Central and Westminster were lost. Although the remainder of the games were won the championship fell to Central by a one-game margin. Captain White was high point scorer of the M. C. U. and captain of the all-state five.

The track season the previous spring produced several individual stars although the squad lacked the necessary point winners to carry it to victory. Oliver "Smoky" Keller captained the track squad. Outstanding in the track performances during the season was the work of Homer Martin national hop, step and jump champion. State titles were captured by Walker and Brooks in the pole vault and high jump respectively.

DIVINITY

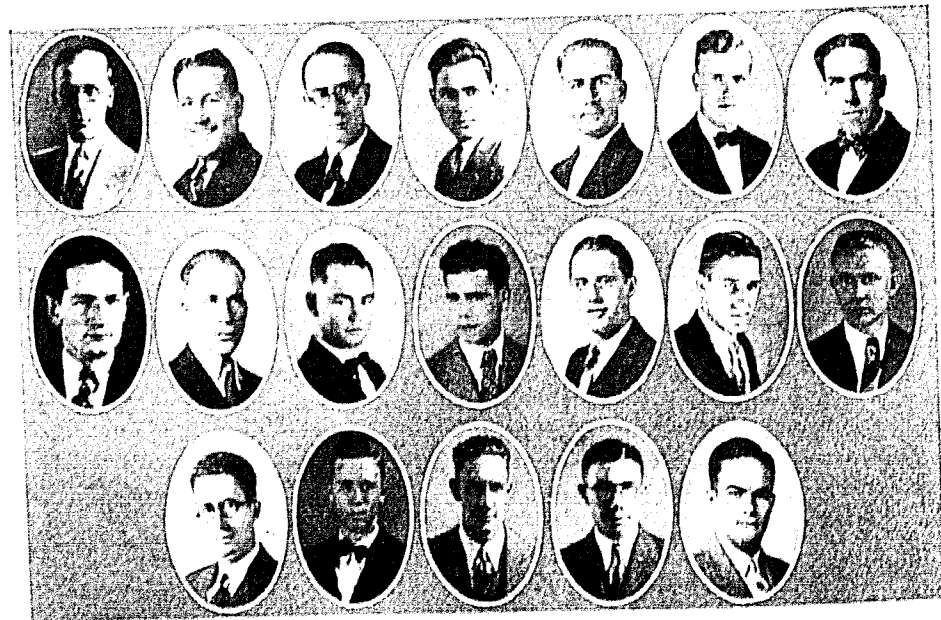

THE MINISTERIAL GROUP

HOMER DELOZIER, *President*

The Ministerial Group was organized in September, 1923, by F. C. Feezor who was then Professor of Bible at William Jewell. The idea was conceived from a similar organization at Wake Forest College in North Carolina. Its purpose is to strengthen fraternal, social, and spiritual ties among the ministerial students of the College. The membership consists of about fifty ministerial students who meet each Tuesday afternoon to discuss questions of interest to ministers.

The meetings of the group consist of lectures by members of the group and by speakers that visit the College. One party is given each term, the meeting being held with the Student Volunteers.

THE TATLER

Y. W. A.

The Young Women's Auxiliary of the Women's Missionary Union of the Southern Baptist Convention was organized in 1924 at the Second Baptist Church of Liberty, Missouri. The purpose of the organization is to build up Christian womanhood in the College. Every year one week is set aside as study-course week. A book is studied and reviewed. The local Y. W. A. takes part in several missions, including the Lottie Moon Foreign Mission offering, the Home and State Mission offerings. Another function carried on by this group is the Sisterhood Special, which is a fund that helps support foreign girls who are in training schools in the United States. Social functions are held at frequent intervals throughout the school year.

THE TATLER

Y. W. C. A.

This organization was formerly the W. J. C. A. having been founded in 1924. In 1927 it became a part of the national Y. W. C. A. Meetings of this group are held once a month, one girl being leader for each month. The Y. W. C. A. Cabinet which is composed of the officers, an undergraduate representative, and the sponsor, meets once a month.

The Big Sister Movement that provides a sister for each new girl that enters college to help her get acquainted is one of the most important functions of the group. This organization benefits the whole College by sponsoring open meetings that bring the students together to discuss questions of vital interest. The membership is open to every girl enrolled in William Jewell College.

BETA LAMBDA

The Beta Lambda Club was founded at William Jewell College by a group of girls interested in Biological studies. It was founded in 1926 and now has a membership of 16. Qualifications require that the members be advanced Biology students. Meetings of the club are held twice a month at which time topics relative to some phase of biological science are discussed. A banquet was held March 14th, the Tri-Beta Club being invited to attend. Subjects of these lectures include, patent medicines, bacteria, quacks, etc.

SIGMA TAU DELTA

Sigma Tau Delta was founded at Dakota Wesleyan University in 1924. The Mu Beta Chapter was installed in William Jewell College in 1928, being the thirty-fifth in the United States. Sigma Tau Delta is a professional English fraternity, the membership being composed of authors and teachers of English, as well as students of English who are interested in creative writing. Meetings are held each month, in conjunction with a banquet given by two members of the Club. Creative works are read and discussed at these meetings.

THE J CLUB

The J Club is composed of Jewell men who have lettered in one of the major sports, football, basket ball, track, or in tennis. Meetings are held bi-monthly. The activities of this club include assistance to the athletic department in handling track meets, Homecoming Day activities, managing the High School Day track meet, and influencing high school athletes in their choice of a college. With the completion of the New Brown Gymnasium, J. Club headquarters will be there.

THE STUDENT SENATE

Members of the Student Senate are elected annually from each of the four classes. The Senior and Junior classes elect two members each, the Sophomore and Freshman classes having one representative each in the council. The organization exercises supervisory control over student activities, directs elections in the student body, and takes care of other matters that face student governing bodies. Official student body action must first be affirmed by the Student Senate before Administrative action will take place.

THE BOARD OF CONTROL

The Board of Control of Student Publications was organized in 1922, the proposition having been recommended by the faculty. The personnel of this group is composed of three faculty representatives, and one elected representative from each class. The editors and business managers of the Tatler and Student meet with the Board serving as *ex officio* representatives of the publications. The Board deals with matters relative to the editorial policy of the publications, as well as the business management.

ETA BETA BETA

The local Biology Club of William Jewell College became the Lambda Chapter of the national Biology Fraternity, Eta Beta Beta, in 1927. The membership of the fraternity is drawn from those of our students majoring in Biology, and also pre-medical students. Membership in the Fraternity depends not upon high rank in scholarship in Biology, as the purpose of the organization is to stimulate an interest in Biology and to pursue extra-curricular investigations in this field. One can now become a member and take in honorary fraternity.

PI KAPPA DELTA

Pi Kappa Delta is a national honorary forensic fraternity. There are 127 chapters in the United States, the local chapter being the Missouri Delta. It was established in 1922 with an entire male membership. Since 1927 however, girls have been admitted to membership. Members of the debate squad who participate in regular inter-collegiate contests are eligible for membership in the fraternity.

THE J. P. FRUIT DRAMATIC CLUB

The J. P. Fruit Dramatic Club is the only Club in William Jewell devoted to the development of the drama. It was named in honor of its founder, Dr. J. P. Fruit. This year no limits were placed on the membership but with the addition of a course in drama to the curriculum next year, only a selected group of upperclassmen will be given membership. Successful plays given during the winter included: The Valiant, A Prince There Was, The Bedroom Suite, etc. About fifty members formed the Club this season.

INTERNATIONAL RELATIONS CLUB

The International Relations Club was organized in 1923, by a group of students interested in the conduct of foreign affairs, and the foreign policy of the United States. With the coming of Dr. Knudson to the History Department, the activities of the Club have been lengthened. Dr. Knudson is a graduate of the University at Geneva, Switzerland, having written his thesis for the doctor's degree on International Legislation at that school.

Meetings of the club are held bi-monthly at which times discussions are made, and talks by speakers outside the group given. After the program is completed an open forum is held, opportunity being given for informal debate on the various subjects of interest.

MIX

THE TATLER

MIX-UPS

Mix-ups may come in the form of hash at sorority houses, dormitories and frat houses, in the form of concrete to the hard working construction laborer, but to the editor of this section, mix-ups are simply those human experiences that are thrown carelessly around the campus during the school year to be tied in a bundle and placed in the yellow issue of the Student or in this section of the Tatler.

FOREWORD

If you have been mentioned in this section, consider it an honor--you are the player to amuse the crowd. Without some popularity (postive or negative) your name would never have graced these pages. It is the most select section of the book. The Mix-ups editor has no axes to grind here. We have several grudges that we'd like to fight out "teeth and toe nail" down back of the power house the day following the issuance of this book. Below is a list of those to appear.

- | | | |
|----|----|----|
| 1. | 4. | 7. |
| 2. | 5. | 8. |
| 3. | 6. | 9. |

DEDICATION

This section is most sincerely dedicated to:

- (a) Those boobs who so graciously offered their advice in the publication of this book.
- (b) Those individuals who wanted to wait until the last day to have their picture taken then "griped" about the face that appeared on the negative (the face being their own).
- (c) Those three popular (?) co-eds who blushinglly refused to pose for a simple snapshot. ("Oh, dear me, we're so tempermental.")

WARNING!

You proceed from this page on at your own risk.

DIRECTIONS.

Put on your boots and wade in. This mud is all of the good natured sort.

1929

"Why William Jewell Football Teams Lose"

D C A B

(A)—is Mr. Thomas Dunphy. In the above picture snapped during the terrible Tarkio tussle, the Jewell team seems to be in action however, Mr. Dunphy, weary from work in the Library, hesitates. Perhaps he is thinking of someone back home! (The game was played at Tarkio).

(B)—is Mr. Gilbert Thompson. He too seems to be slightly out of click. Tommy suffers from inertia or severe co-educational libraryitis.

(C)—Mr. Jimmy Clutter, untroubled by this disease at that time and (D)—Mr. "Pee-wee" Davis, never bothered by it, charge with the rest of the team.

* * * * *

Fill in the blanks below with anything you choose or those things listed below.

If you were (a) _____ and obeyed that impulse you'd probably

(b) _____

- | | |
|--------------------------|-----------------------------------|
| 1. (a)—Any student | (b)—quit school |
| 2. (a)—Tom Dunphy | (b)—(censored) |
| 3. (a)—A Sigma Nu | (b)—burn the chapter house |
| 4. (a)—Anybody | (b)—kill Guy Haum |
| 5. (a)—Prof. Knudson | (b)—step on Dr. Billa |
| 6. (a)—P. C. H. | (b)—be a ladies man |
| 7. (a)—A Kappa Sig | (b)—get tight |
| 8. (a)—An Iota Pi | (b)—get a date |
| 9. (a)—Prof. (censored) | (b)—nose into somebody's business |
| 10. (a)—A New Ely inmate | (b)—not eat |

One hundred fifty

PROMINENT ALUMNI OF WILLIAM JEWELL COLLEGE

- | | |
|---------------------|---------------------|
| 1. Manley O. Hudson | 3. FranCeil Willis |
| 2. Ann White | 4. P. Caspar Harvey |

Fair Co-ed- "My brother plays on the Jewell football team."

Another One- "I didn't know your brother could play football."

Fair Co-ed- "He can't."

A MAN YOU SHOULD KNOW (AND DON'T) IS

Mr. Hermit Whatkins, a sappy Sophomore. The self-termed Colorado Sage. A wise guy he is who thinks (pardon us, he couldn't) that he should reform Jewell's political system. "Don't pay your class dues," he cried, and they all paid.

THE SEASON

1. The Football Season—The team does a flop.
2. The basket ball Season—The team does very well (at times).
3. The petting Season—Iota Pi and T. N. T. have a close race. Iota Pi declared winner as one T. N. T. was disqualified when ahead by a lap. Neck-and-neck race, however.
4. The Track Season- Hal hal

Above is a picture of the Iota Pi House any dark week-end night. The lights aren't turned off to save electricity; either.

IONS. NO HATH PRO.

- Q. "What is T. N. T.?"
 A. "A sorority."
 Q. "Is it well organized?"
 A. "It's organized just like a sorority."

AN OFFER YOU CAN'T AFFORD TO MISS

* * *

At the end of every sport season everyone from the editor of the Student to a bootblack picks an all star team.

* * *

Do you know the offensive stars of the H. A. season? There must be at least five faculty men on the team.

* * *

Name 'em and win a prize!

—Adv.

A young man was lying on an operating table waiting for an examination.

Doctor (to attendant): "Bring in Ethyl chloride."

Young man (jumping up): "No, doctor, please don't bring a woman in here."

"It's Not Our Fault."

We writ a verse
 About two boys
 The Censor got quite busy
 He said, "to print such shady stuff
 Would be darn downright dizzy."

So we've cut it out
 At his request
 To save the poor boys' feelings
 But if you know the two we mean
 Yell whoopee; raise the ceiling!
 —Shakesbeer

Prof. Denton (in astronomy class) "Name a
 star that has a tail."

John Nowell—(after a pause) "Rin Tin
 Tin."

The biggest joke of the school year---
 Faculty censorship of student publica-
 tions. No harm prof.

Q. "What is T. N. T.?"
 A. "A sorority."
 Q. "Is it well organized?"
 A. "Sometimes during rush season."
 Q. "What is the membership limit?"
 A. "The sky— They pass in at odd times
 and pass out frequently."

A NEW ELY EPITAPH

Here lie the remains of Joseph Hughes.
 He asked a Soph to shine his shoes.

Oswald wasn't so dumb. He wished that
 some of the Jewell Profs would occupy the
 seat of Applied Electricity at Sing Sing dur-
 ing the summer lay-over.

Prof. Davis (just before mid-term test),
 "Are there any questions before we start?"
 Student: "Yes, what course is this?"

When you sleep too late to get to a 7:50:
 be nonchalant---get an excuse.

"There's the guy that I'm laying for," said
 one hen to another as the farmer walked by."
 —Ex.

A Child's Garden of Worses

1. SONG OF ZETA CHI
Sing a song of sixty men,
Song of Zeta Chi.
Pocket full of pledge pins,
Bottled gin or rye.
When the meeting opened
They all began to sing
"Unless we pledge a thousand yaps,
We haven't done a thing.
Maybe he's a roughneck or
Maybe just an ass,
But if he's in the human race
He's not below our class."

2. KAPPA ALPHA KNOCKOUT
We're Southern Gentlemen
My gawd we're pure
And still opposed to drink
Scholastically, we rated high
But seldom ever think.
Our house it burned
Like frat shacks do.
Oh gee! it was a thrill
For as it burned up all our clothes,
It burned up all our bills.

3. SIGMA NU LAMENT
(To be chanted very slowly)
The K. A.'s beat us with their fire,
For we were next in line.
May lightning, storm or dynamite
Come in the summer time.
And wreck this gosh darned shack of ours
And pledges bring with cars.
Then we could take a drink of (censored)
And thank our lucky stars.

4. PHI GAM CONFESSION
We started out some years ago
To establish Fiji rule
We'd edit, manage, supervise
And run the whole darn school.
We failed because we did not see,
When making out our plan
That editing takes editors
And managing a man. Ex.

5. A KAPPA SIG DIG
We're Kappa Sigs, three hundred strong
Our pledge list jumps by bounds
Although we're mighty athletes
We're better social hounds.
We hold our parties long and loud,
Till all the neighbors shout
"No more whoopee you will make
So, throw big Davis out."

6. CONCLUSION
So if you're just a common barb
You see just what you've missed
For all the Greeks are silly gents
That all the dames have kissed
So you, keep all your morals clean
Beware of social frats
For after all it's quite a kick
To be a nice "dorm rat."

Dudfield's Dustless Crayon Trough

An improved equipment for blackboards is proving a success in many schools. Dudfield's Dustless All Metal Crayon Trough and Blackboard Trim, the ORIGINAL. Our improved-removable Dust Trays are supplied for wooden trough construction. Erasers and Crayons are kept out of the dust. The erasers are quickly cleaned by a slight rub on the screen. This sanitary convenience is used every day in the school year.

Our products have been specified the past year for school building programs of magnitude: St. Louis, Mo.; Atlanta, Georgia; Several State Universities of Kentucky at Lexington, Ohio at Columbus, North Dakota at Grand Forks.

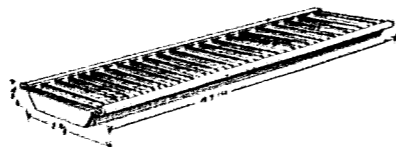

Dudfield Improved Combination Dust Tray And Eraser Cleaner

The cover part can be used as a chalk rail cover and eraser cleaner; especially adapted for use in old schools. Furnished in galvanized iron or aluminum in 20 guage metal, 47-inch lengths. Designed to fit our All-Metal or specially designed wooden trough.

Books of Every Description

Do you consider experience, age, strength and stability when selecting your books? The American Baptist Publication Society is in a position to meet these tests with one hundred and three years of service to our credit. In this time we have grown to be one among the largest publishing and distributing houses in this country, and along with our progress we have studied the literary needs of the people. Demand of us our experience in selecting books that count for the most in life.

Nine Reasons Why Girls Leave William Jewell College

Girl (to marshal Ligon): "Oh, Mister Ligon, I've run over a college boy."

Mr. Ligon: "Well, don't come crying around to me. Go to the county sheriff, he's the one that pays the bounties."

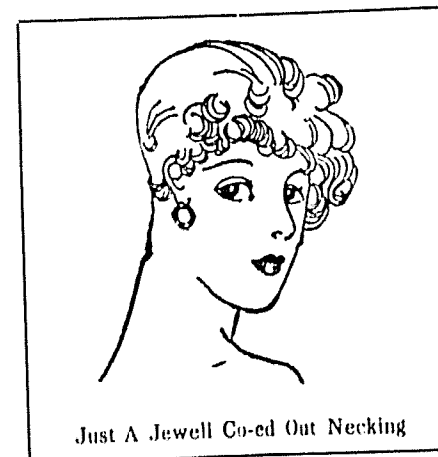

She's so dumb she thinks a hangover is a Jewish holiday. — Ex.

Iota: "When did you and Leonard decide to get married?"

Pi: "Sorry, I couldn't see my watch."

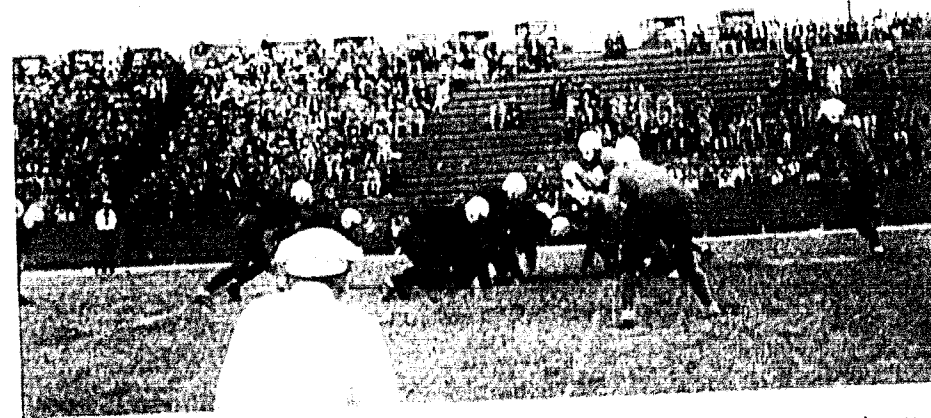

Dr. Elmore: "Are there any boa constrictors in Alaska?"

Reft (a resident): "Yes, but they're pretty scarce."

Just A Jewell Co-ed Out Necking

The Kappa Sigs Throw a Party

The crowd seated in the background is a portion of the Kappa Sig pledge list who attended the game in a body to watch the brothers perform.

.....And at the same game.....

"Abe" Martin (to President Herget, who ran on the field in an excited moment) "dammit Doc, get off the field, they'll penalize us."

THREE WANTS

Southwestern Baptist Theological Seminary

--- FORTWORTH ---

WANT I.

Students—college men and women. Great groups are going out after two and three years, educated in mind with great evangelistic spirits.

WANT II.

Gifts—large and small from those able to make bequests to the Seminary. Such gifts will insure a life annuity to the giver and will live thru eternity.

WANT III.

Prayers and Interest—of people everywhere.

WRITE—

**THE LEADER
FOR FOUR YEARS**

FOR the first time in the history of the school, a William Jewell publication was awarded national recognition, when the 1925 Tatler, entered in the national contest of the Central Inter-Scholastic Press Association, won first in its class. The 1926, 1927 and 1928 Tatlers repeated. The entire printing of these prize books was handled by the William Jewell Press.

Harvey J. Ray, Manager

The Comfortable Age

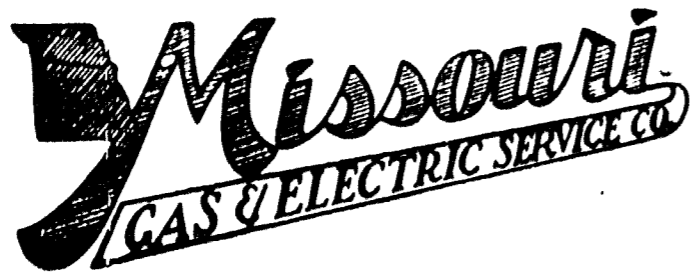

It is a far cry from the quiescent world of the "Gay Nineties" to the quickened pace of today.

Varied have been the designations given this new era, but it has remained for Henry Ford to interpret it as "The Comfortable Age"—comfortable, in that the workman of today shares in the comforts and conveniences which he produces as never before in the history of the world.

These conveniences and luxuries make up a constantly increasing income for millions to buy the very things which they directly or indirectly create.

The key to this happy state of affairs is abundant mechanical power. American manufacturers and workmen have at their command more electrical power than is available to all the rest of the world combined.

Electric in the swiftness of its tempo, life in America today is largely the product of the advances that have been made in extending the usefulness of electricity and other utility services.

One hundred seventy-five

THE TATLER

Though one were as wise as Solomon
And failed at never a task essayed;
Had raced, a runner not yet outrun,
What shall we say when none have saved,
And over the campus the silent shade
Of twilight falls, and the watchers know
The ghost of the college year is
What shall we say as we turn to go?

LNVOI

Prince, to whom we erstwhile prayed,
Of heartfelt things that are whispered low;
When throats catch and lips are afraid,
What shall we say when we turn to go?
(Anon.)
