THE DEDICATION

TO PAUL CASPAR HARVEY,

THE MAN, WHOSE FORCEFUL CHARACTER HAS INFLUENCED THE LIVES OF SO MANY WILLIAM JEWELL STUDENTS.

THE TEACHER, WHOSE EFFECTIVE TEACHING HAS SENT AND IS SENDING MANY ON THE ROAD TO SUCCESS.

THE DEBATER, WHO HAS IN THE PAST BROUGHT GLORY TO WILLIAM JEWELL BY HIS OWN FORENSIC ABILITY AND WHO IS NOW GUIDING OTHERS IN THEIR EFFORTS TO HONOR WILLIAM JEWELL.

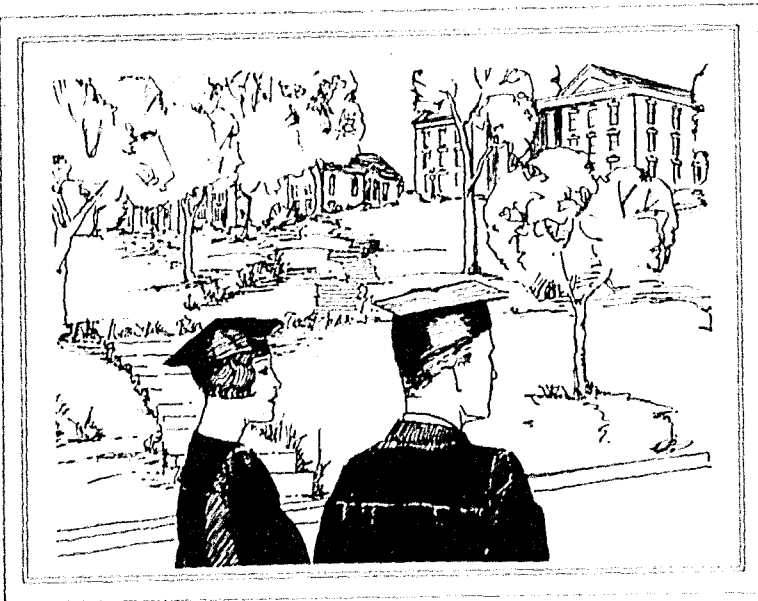

THE WRITER, WHO HAS BROUGHT HONOR TO HIS COLLEGE THRU HIS WRITING.

BOOK ONE

IN MEMORIAM

RICHARD PRICE RIDER

APRIL 24, 1837—JULY 24, 1927

In memory of Uncle Dick Rider, a man beloved by all the sons and daughters of William Jewell, a true scholar, a poet of approved ability, and above all a true Christian gentleman. Uncle Dick was the "Grand Old Man" of William Jewell; and as he went about the Old Hill he was an example to us of the traditional ideals of William Jewell and an inspiration to carry on these same ideals.

HENRY MERRITT RICHMOND

APRIL 14, 1861—OCTOBER 2, 1927

In memory of Professor Richmond, a missionary to Burma, a professor of biology and geology, and a widely known metallurgist and bacteriologist, whose life so adequately embodied the ideals of William Jewell College.

The Transition

Senior, if your life in college has been pleasant and successful may it continue to be so. If to the contrary your college life has been unpleasant and unsuccessful may you be the true William Jewell man or woman and place the blame at your own feet and firmly resolve to wrest from the world the success and happiness which is your rightful heritage. Good luck!

Junior, your privilege is to take on the responsibility of the Senior chair and preserve its traditions. Doubtless you will see opportunities for improvement. Your position is an instrumental one, so in seeing these opportunities may you feel your responsibility and realize your duty in bringing about such changes as will make for a greater William Jewell. Drive!

Soph, through your varied experiences and by your pleasant associations during the past year doubtless William Jewell has taken on a new meaning for you you have learned that college life is not merely classrooms and books. Permit no one to disillusion you, for actually behind the material things there exists a certain intangible something which college men and women learn to cherish; friends, occasions and the general college atmosphere. Give yourself to it!

Frosh, in the words of Longfellow, "Thy fate is the common fate of all," you have passed through the testing period which is the lot of all those who would be a part of the William Jewell family. Upon you rests the ultimate future of our school— meet its demands. Work!

Differences are created by God--
divisions, by man.

PROF. P. CASPAR HARVEY
Debate Coach

1927-28 Forensic Season

The forensic season for this school year was the most extensive one in which William Jewell has ever participated.

The debate schedule furnished 65 intercollegiate debates with schools from 15 different states. Two oratorical contests are scheduled for our campus. William Jewell had its first woman orator.

The varsity boys' debate squad was composed of eleven members; the varsity girls, six; the freshman squad, eight. In the tryouts 48 students presented themselves for places on the debate squads.

The varsity boys were Albert Howard, captain, Alden Russell, Conn Withers, Edwin C. Orr, William H. Johnson, Charles L. King, B. R. Williams, Jr., Charles Hoge, Paul Sturges, John Wayland, and Ben Franklin. The varsity girls were Catherine Hunt, captain, Mary Lee Huff, Bonnie Jones, Isla Davis, Helen Hail, and Susan Everett. The freshman debaters were Aaron Driver, James Heaton, James Wood, Donald Bush, Clovis McWilliams, Kermit Brigance, Ruth Weyand, and Billie Weeks.

The diamond key of Pi Kappa Delta will be awarded to Albert Howard, Conn Withers, Alden Russell, Edwin Orr, William H. Johnson, Catherine Hunt, Isla Davis, Mary Lee Huff, and Bonnie Jones.

Of the 39 decision debates, 22 were victories.

William Jewell was chosen as the place for the Midwestern Finals in the national intercollegiate oratorical contest or the constitution in which about thirteen states will compete on May 18. Professor Harvey will have complete direction of this contest. The state contest under his direction also took place in Liberty, April 27.

Mary Lee Huff won the local oratorical contest for women and represented William Jewell in the national contest with her oration, "Jugglers of Crystal Spheres."

The debate season opened with a debate with the University of Missouri and it closed with a women's debate with Northwestern University.

To the two captains, Albert Howard and Catherine Hunt, much credit for the successful season is due.

Prof. P. Caspar Harvey, who for eight years has been the William Jewell debate coach, again enjoyed the complete support of the various squads. For many seasons William Jewell has had successful debate teams under his style of coaching. His first season at William Jewell scheduled six debates and this season reached 65. Two years ago one of his William Jewell coached men won second place in the national tournament and this year another member of the squad won a national championship for William Jewell.

William Jewell Wins National Championship

William Jewell College won its first national championship at the national intercollegiate forensic tournament held under the auspices of Pi Kappa Delta at Tiffin, Ohio, April 2-5, 1928.

Alden Russell, who was William Jewell's representative in the men's extempore contest, was ranked first and was presented the handsome national championship medal. The college was awarded a magnificent loving cup. Prof. Alfred Westfall, the national president of Pi Kappa Delta, presented the cup to William Jewell and the medal to Russell at the banquet which closed the convention and tournament. There were 102 colleges and universities at the tournament from states from California to Maine and the Dakotas to Louisiana. 475 contestants entered the six divisions of the tournament.

In the women's debate tournament Miss Isla Davis and Miss Catherine Hunt went through seven rounds of debate and when they were finally eliminated there were only three teams left and 45 teams had been eliminated before the William Jewell girls went out.

The William Jewell delegation at Tiffin was composed of Albert Howard, Alden Russell, Conn Withers, Edwin Orr, Catherine Hunt, Isla Davis, Mary Lee Huff, Bonnie Jones and Prof. P. Caspar Harvey.

In the debate tournament William Jewell won debates from Centenary College, Marietta College, Colorado State Teachers, South Dakota State, Baldwin-Wallace College, Illinois State Normal University, Virginia General Chapter, Dubuque College, Simpson College. William Jewell lost debates to Pittsburg State Teachers, Missouri Wesleyan, Maryville College (twice), Monmouth College, East Texas State, and Southwestern College.

National championships for 1928-29 were awarded as follows:

Men's Extempore— William Jewell College, Missouri.

Women's Extempore— Hamline College, Minnesota.

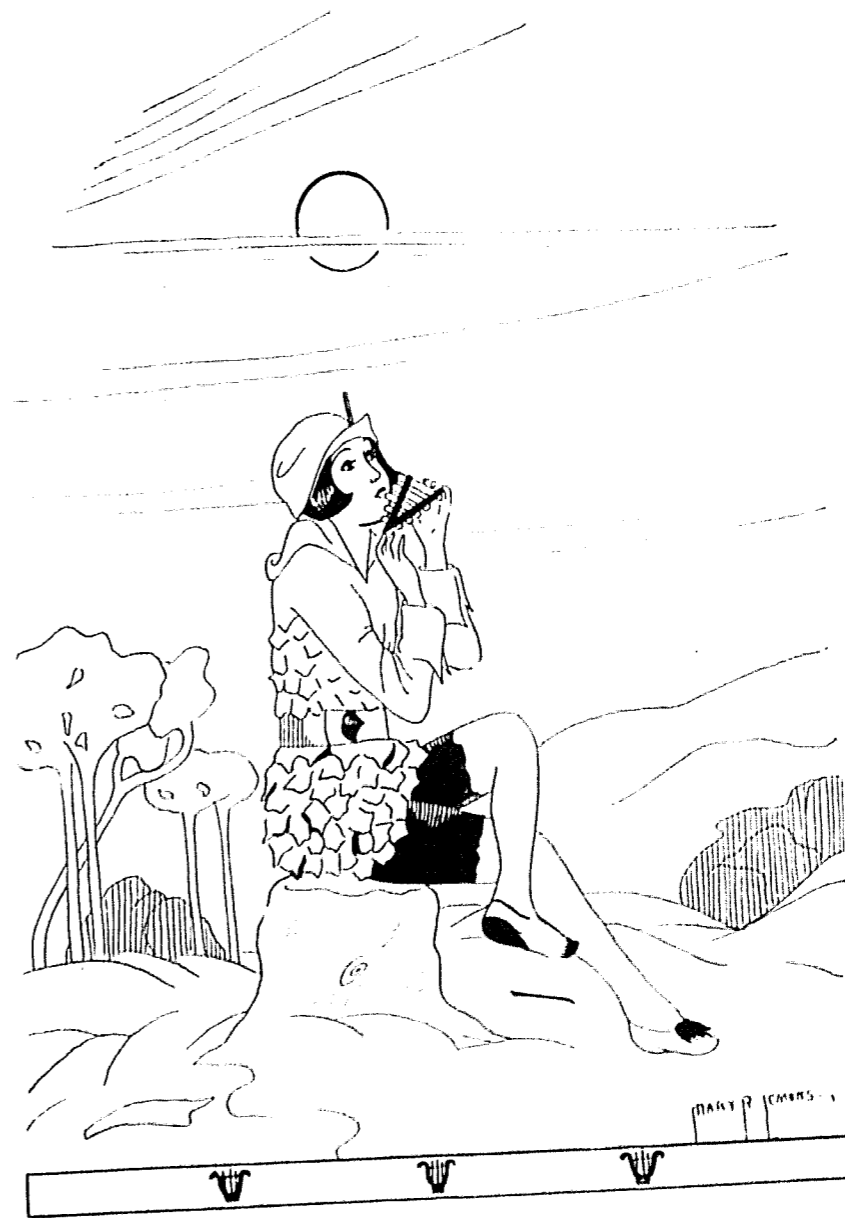

Women's Debate— Monmouth College, Illinois.

Men's Debate— St. Thomas College, Minnesota.

Men's Oratory— Morningside College, Iowa.

Women's Oratory— University of California at Los Angeles.

MUSIC

The Department of Music

DR. HARRY E. COOPER
Director of Music

The scope of the Department of Music is broad, and its work is gradually but constantly increasing. The courses offered not only constitute an important item in the curriculum of the school, but the music activities fostered by the department are of such scope and interest as to have attracted wide-spread attention, not only among Jewell alumni over the state and elsewhere, but in the outside world of music, where interest and praise are an evidence of genuine artistic merit and are not bestowed through love for the Alma Mater.

Much of the effort of the department is centered on the developing of the two Glee Clubs—the Men's and the Women's—to a high degree of musical excellence. Both of these clubs have made extensive tours over the state during the past season, Saint Louis,

Kansas City, Jefferson City, Saint Joseph, and about thirty other important cities appearing on their itineraries. About fifteen thousand people have attended the concerts of the clubs during the past season, and the press over the state has been enthusiastic in praising the singing of the clubs frequently reiterating that the phrasing, shading, and other details of their singing were of such excellence as is seldom heard from like organizations.

The season's work is climaxed each year with a festival concert at the commencement season, when some oratorio is presented by the two clubs combined. This year Mendelssohn's great work, "Elijah", was selected for the occasion, and in this the mixed chorus of forty voices, assisted by visiting soloists of national reputation, fittingly closed the department's most successful season.

The Tatler

B. R. WILLIAMS, JR.
Editor

The Tatler is the annual publication of the student body of William Jewell College. It is essentially a record of the school year in pictures and writing. The 1925 and 1926 Tatlers were placed first in their class in the National C. I. P. A. contests for college annuals. The 1927 Tatler won second place in the same contest and was listed among the Pace-Makers in the Senior Division.

The 1928 Tatler has for its theme, if it may be called such, William Jewell College, not of the past nor of the future, but William Jewell College of today. Every word and every illustration is dedicated to the purpose of fixing in our minds the grandeur of our old college. It has been the intent of the Staff to record in the 1928 Tatler all the major events of the year. If at any time pleasant memories are aroused by this record, then we are amply repayed for our labors.

The Tatler Staff wishes to express its thanks to every student and faculty member who has cooperated in the production of this the 1928 Tatler. Especially do we wish to express our appreciation to Mr. John Held, Jr., who so kindly condescended to select the 1928 Tatler Queens.

ATHLETICS

BOOK FOUR

Athletics

William Jewell College has an enviable record in athletics. Jewell athletes have made good, not only on the athletic field but also in life. Their training has fitted them to "play the game" hard, and to play it fairly.

No little credit for such training and for Jewell's success in athletics is due the Jewell mentors, "Dad" Bowles and "Bill" Collins. Throughout the College Union, the Cardinals are respected for their undying fighting spirit and their clean sportsmanship.

Although the 1927-28 athletic season was not an outstanding success in respect to victories, it was successful in upholding that Jewell reputation for hard, clean-fought athletics, and in forming a foundation for future athletic leadership.

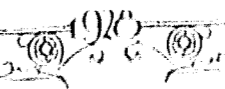

In football, the Big Red Team held the Jewell goal line uncrossed in the first four games of the season, but was bested in hard-fought games that followed. The Cardinals ended the season in fourth place in the Missouri College Union, but lead the other colleges in number of points scored in conference games.

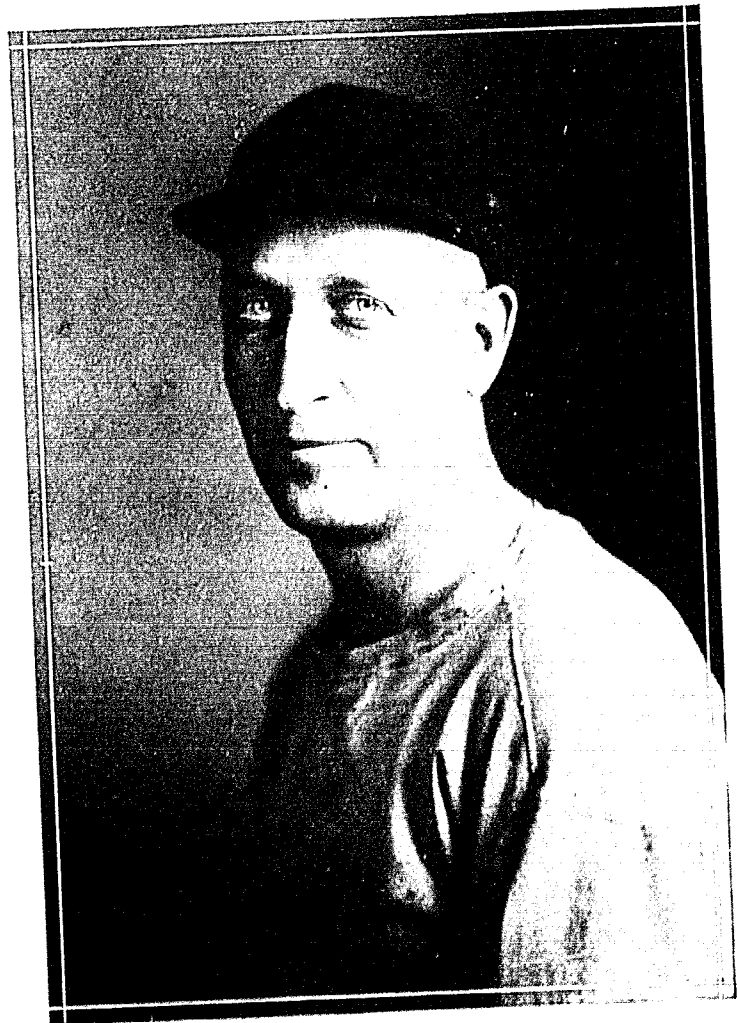

The basket ball season also started with a number of victories. Jewell won eight consecutive College Union games, before a hard road trip stopped the Cardinal onslaught. The team finished in third place in the Conference.

William Jewell athletes also starred in track events this year. All track meets in which Jewell participated, were out-of-town events, since the lack of a gymnasium made home meets practically impossible.

The progressive spirit of William Jewell athletics will be exemplified in the construction of a new, modern gymnasium, which the college hopes to have completed by the beginning of the next school year.

The William Jewell "Red Birds", the official college pep organization, under the leadership of "Bob" Edson, are to be commended for their hearty support of college athletics during the past year.

GRISSOM '28 Captain Tackle and Guard
Weight 200

A stone wall on defense, a battering ram on offense, such was "Meat". He ably piloted his men through a successful season and won the position of captain of the All-State Second Team. His playing this year was a fitting climax to his three previous years on the Jewell squad.

KELLER '28 Halfback Weight 155

"Smokey" a third year veteran again proved his value to the Big Red Team this year at half. His interference-running and his ball-lugging resulted in some points for Jewell.

WALKER '30 Captain-Elect Quarterback
Weight 155

"Alec" is a triple threat in the backfield and is without a peer as a punter in the entire College Union. For the second time during his two years on the Jewell squad, he has been placed in the backfield of the College Union first All-State Eleven.

TURNER '29 Halfback Weight 150

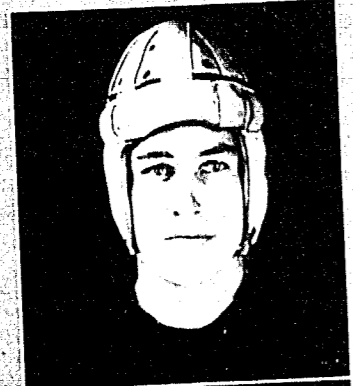

Although a pre-season ankle injury kept "Toad" out of the first few games, this elusive little backfield man of two previous seasons, played excellent football in spite of the handicap, during the latter part of the season.

"Mac" Robertson doing a little "up and over" for five yards against Tarkio.

Football 1927

ROBERTSON '28 *Fullback* Weight 185
 "Mac" was placed on the Kansas City Journal-Post All-State second team this year. As a line plunger, he seldom failed to make the necessary gain, and at backing up the Jewell line, he was very effective.

WILLIAMS '28 *End* Weight 165
 For two years "Jukes" has played a steady end on the Jewell team. This year he was placed at that position on the All-State third team. His playing this year was featured by his accurate tackling and his excellent pass-receiving ability.

Football 1927

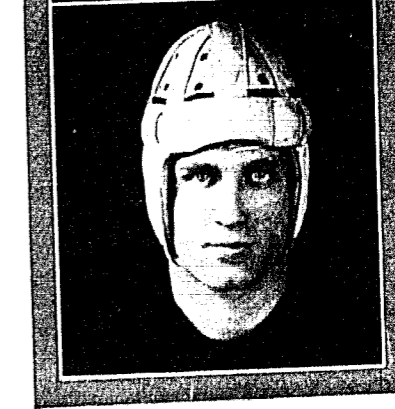

DUNPHY '31 *Halfback* Weight 160

Although this is Tom's first year in college, he gained a permanent position on the Big Red Team by his fast field action and his pass-receiving ability. His seventy yard run for a touchdown in the Culver-Stockton game was only one of his many brilliant plays this season.

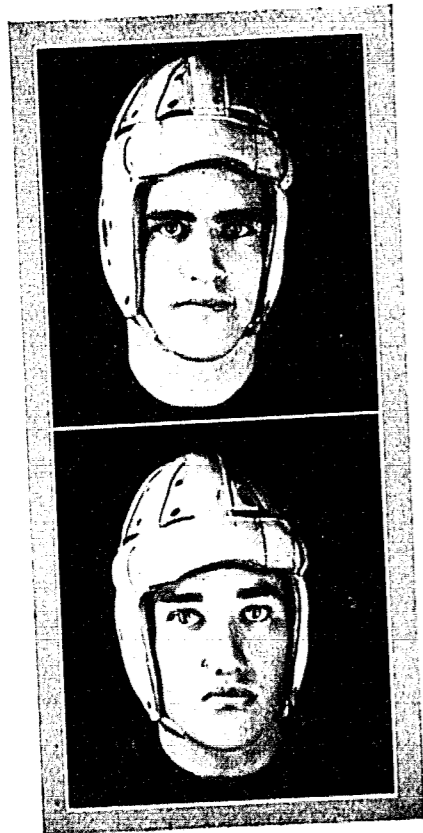

PETTY, J. '31 *Tackle* Weight 170

Playing his first season for Jewell, Jess came through in commendable form. He is a linesman of strength in either offensive or defensive play.

Football 1927

TOALSON '29 *Tackle* Weight 175

A reliable player and a consistent fighter, in his initial football year, "Bill" proved to be a mainstay in the Jewell offense. He was given honorable mention in the All-State selection this year.

THOMPSON '30 *Center* Weight 170

As a defensive player, "Tommy" is clever in getting through and breaking up plays behind the line. His fighting tactics made the center of Jewell's line almost invincible.

HUDLEMEYER '29 *Tackle* Weight 175

For three years, "Hudle" has earned a berth on the team. He has proved himself dependable and has always shown an admirable spirit.

Glutter encircling Culver-Stockton's end for a nice gain.

Football 1927

SPRADLEY '31 *End* Weight 165

At end position, Everette, another freshman, played consistent football. He possesses the uncanny ability of being in the right place at the right time. Opposing backs found it difficult to encircle Spradley's end.

JORDAN '30 *Guard* Weight 170

"Ham" can always be relied upon to handle his man. He proved to be a valuable cog in the Jewell defensive machine.

FORDERHASE '31 *Tackle* Weight 175

Although a freshman member of the squad, Earl played real football throughout the season. He is a hard tackler and a good defense man.

DAVIS '30 *End* Weight 170

Breaking up end runs and driving on the offense is characteristic of Marlin. He is a good wingman from whistle to whistle.

CLUTTER '30 *Quarterback* Weight 145

"Jimmie", a fast field man and an accurate kicker, played a second year of good football with the Jewell team. An example of his speed and shiftiness was demonstrated when he ran back one of Drury's punts for a touchdown.

GRAVES '28 *Center* Weight 150

At center, "Gravy" was reliable on both the defense and offense. He was a good worker and a hard fighter.

FLAHERTY '31 *Guard* Weight 150

"Mike" is another freshman football man who came through with the goods this season. When his "Irish" was up he stopped everything through his part of the line on the defense and tore open holes on the offense.

SYMS '28 *Fullback* Weight 160

A fast and shifty backfieldman, "Blacky" who was with the Jewell team three seasons ago, returned this year and won his letter by hard playing.

"Pewee" Davis fighting off a few Culver-Stockton men.

Football 1927

PETTY, F. '31 *Halfback* Weight 150

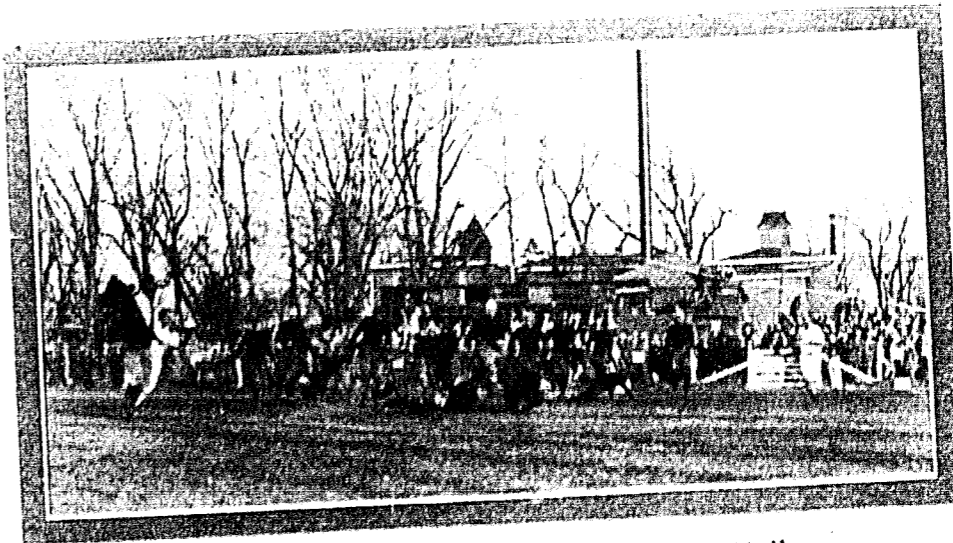

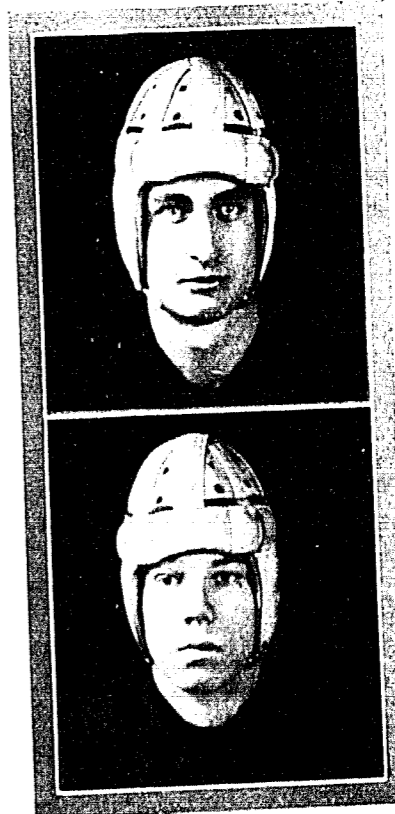

Fred made good in his first season of college football. He is fast and full of the old fight, and is always ready and anxious to carry the ball.

HAYNES '31. *Fullback* Weight 175

"Dick" had the line-plunging form of a veteran and could be counted on for a gain under most any circumstances. Recently "Dick" received an appointment to West Point, and the best wishes of the squad are certainly with him.

Basket Ball 1928

GRAVES '28, CAPTAIN . . . *Forward and Center*
 In his fourth year of college basket ball, "Gravy" led the Big Red Team through a successful season. The playing of the tall captain was consistent throughout the year, as it has been in the past. If defense was needed Graves was always there; in an offensive drive, he could always be counted on for his share of the scoring. As forward, he was given honorable mention in the All-Conference selection.

WHITE '29, CAPTAIN-ELECT . . . *Center*
 "Puny's" brilliant playing this year was the feature of the team's offense. After a year's absence, White returned to the team this year, and starred throughout the season. At the end of the season he was elected to lead the Cardinals next season. White was placed at center on the third All-State team by the Kansas City Star and received honorable mention in the Journal Post.

NORMAN '29 . . . *Guard and Forward*

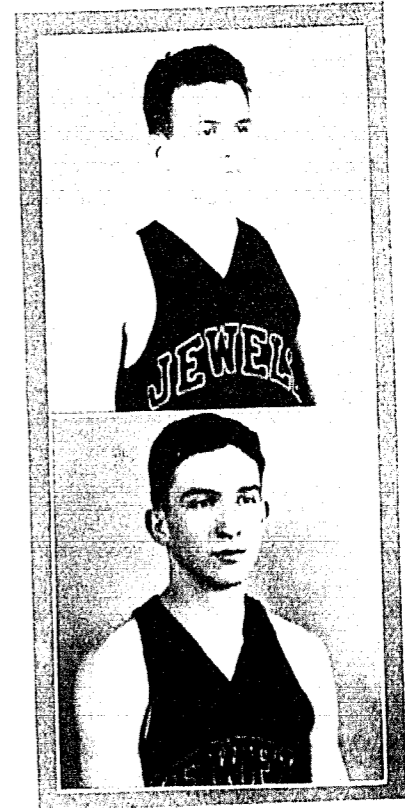

Fred is a fighter from whistle to whistle. In his second year with the regulars, his speedy floor work and his brilliant defense proved to be an almost unsurmountable obstacle for his opponents. He was also an accurate shot and a valuable offensive player.

WEIDELL '31 . . . *Forward*

Everett led the Cardinal scorers this season. His play was consistently brilliant, altho this was his first season with the team. His flashing form baffled the opposing guards, and his accuracy at the goal counted many points for Jewell.

CARMICHAEL '31 *Forward*

Fast and shifty on the floor, Jack was a valuable reserve man this year, and promises to become a real star next season. He is hard to stop and is an accurate shot.

DUNPHY '31 *Forward*

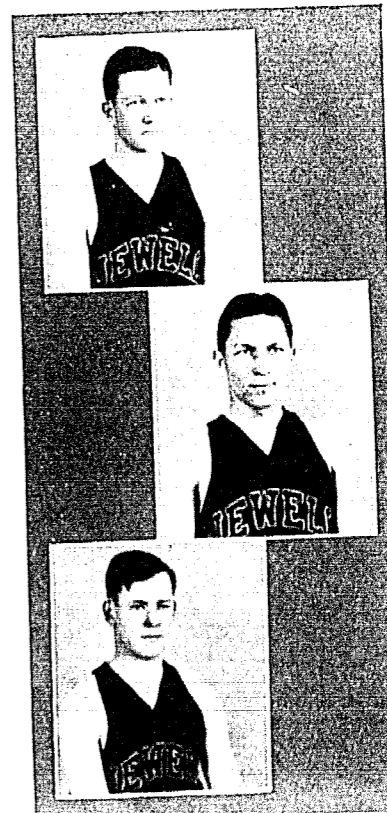

In his first year of college basket ball, Tom proved himself worthy of recognition. He was high point man on the Drury-Rolla road trip, and was a valuable reserve player in other games.

BORCH '31 *Guard*

Although Marvin is small in stature, he makes up for it in speed. He was another freshman member of the squad who made good. He fights from the first to the final whistle.

Inter-Fraternity Basket Ball

As there was no inter-class basket ball organization this year, the Interfraternity Basket Ball League furnished the preliminaries for the majority of the home varsity games. The Kappa Sigma team won the League championship with a perfect percentage, defeating the Zeta Chi team 20 to 13 in the final game of the season. Dashes

"Bob" was not such a strong track man last year but he has certainly showed marked improvement this season. The 440 is his best race, and he is considered one of the best runners in that event in this Conference. This is Gate's second year to win a letter.

WELSH '31

Dashes and Relay

Owsley is running his first year for William Jewell and is a splendid dash and relay man. He is one of the most promising dash men that Jewell has had in recent years.

The High School Meet

William Jewell College successfully sponsored its 12th annual high school meet on April 19, 20, 1928. Approximately five hundred contestants, representing thirty-six different high schools, competed in the track and field meet, tennis tournament, music and literary contests.

All phases of the meet were handled in a very efficient manner. The members of the "J" Club were in charge of the tennis tournament, track and field events. The literary contests were handled by the members of the William Jewell debate squad. Representatives of the Department of Music, with other assistance judged the music contests. All the contestants were taken care of at the college dormitories and fraternity houses.

On Friday evening after the track meet, a banquet was given by the William Jewell Athletic Department for the athletes who had contested in the meet. The program consisted of speakers interested in athletics, and men prominent in the athletic world.

The Annual High School Meet at William Jewell College is a permanent institution and it is hoped that for no reason shall it ever be abandoned.

The Student Volunteer Group

This group is a part of the National Student Volunteer Movement. Every year a visitor from the national headquarters comes to the campus. This year the National Convention of the Student Volunteer Movement was held in Detroit.

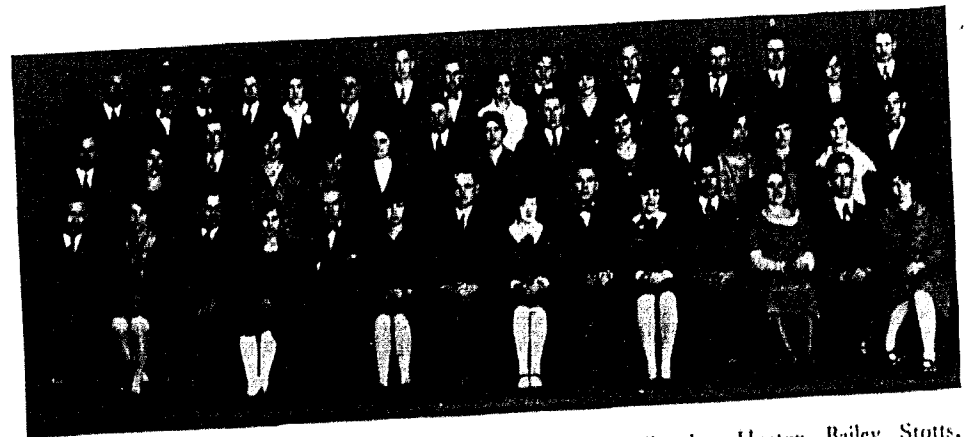

Meetings are held Monday evenings. Mrs. Harvey, a returned missionary from Africa, and Miss Hight, who was formerly engaged in missionary work in Cuba, were speakers at two of the meetings this year. Besides this, extension work is carried on: gospel teams being sent out to various churches near by, and plays being given also. "The Challenge of the Cross" has been put on by this group twenty-two times in the last two years.

Y. W. A.

The Young Women's Auxiliary of the Women's Missionary Union of the Southern Baptist Convention was organized in 1924 at the Second Baptist Church of Liberty, Missouri. The purpose of this organization is to develop the girls of the college into symmetrical Christian womanhood. Meetings are held on the second and fourth Tuesdays of each month of the school year. A devotional and a program are given. Every year one week is set aside as study-course week, "A Tale of Two Peoples—Gentiles and Jews" was the book studied this year. The local Y. W. A. takes part in the Lottie Moon foreign mission offering, the Home Mission offering and the State Mission offering. Another movement in which it has a part is the Sisterhood Special, which is a fund to support foreign girls in the training schools in America. Socials are held at various times during the year.

Y. W. C. A.

The W. J. C. A., organized in 1924, became in 1927 a part of the national Y. W. C. A. Meetings are held once a month, one girl being the leader for each month. The cabinet, which is composed of the officers, an undergraduate representative, and the sponsor, meets once a month.

One of the most important things that this organization has done for the girls of William Jewell College is the promotion of the Big Sister Movement, by which each new girl in the college is assigned a big sister. The Y. W. C. A. also has informal vespers on Sunday afternoons. A way in which the organization benefits the entire college has been in sponsoring open meetings for the student body in an effort to bring the students closer together in the consideration of the great questions of the day. At one of these open meetings the religions of the world were discussed, Sugitan of the Philippine Islands telling of the religions of his native land, Herman Reft of Alaska bringing a vivid description of the religious customs of his land, and Dr. Titus of the History Department giving a general discussion of the religions of the world.

The J. P. Fruit Dramatic Club, organized for the furthering of drama in William Jewell College is named in honor of Dr. J. P. Fruit, the head of the English Department. The status of an upper-classman is a pre-requisite for active membership, but freshmen are admitted into the club as associate members. Each term a play is given by the club. The fall play, "Expressing Willie", was quite successful. Bernard Shaw's "Arms and the Man", given the winter term, was enthusiastically received by a capacity house. The date of the spring play has been set as April 27.

Besides sponsoring plays, the J. P. Fruit Dramatic Club has a dinner once every month at which time things of dramatic interest are discussed, once a radio drama program was given, often readers and others especially interested in dramatics are invited to be the guests of the club.

DRY ROT REVIEW

VOLUME XIII

WILLIAM JEWELL COLLEGE, LIBERTY, MISSOURI, MAY 13

NUMBER 13

ELECTION A GREAT SUCCESS

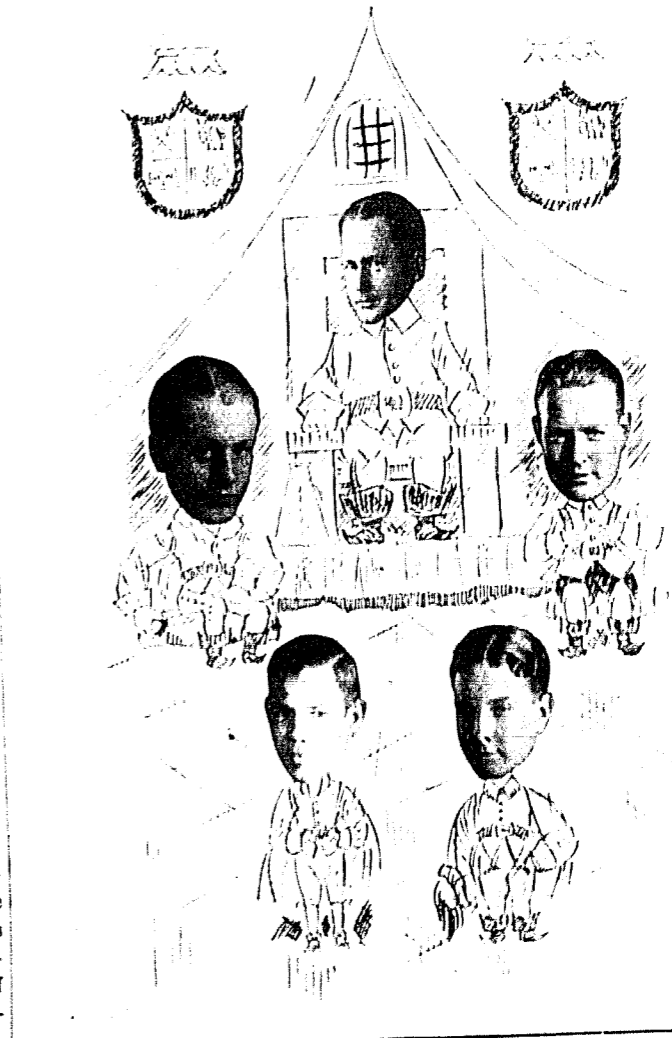

Surprising Percent of Student Body Named for Positions in King's Kourt

During the week of April 3rd, 1928 A. D. four hundred and fifty spirited youths of William Jewell College rallied around the polls to cast their ballots for the Kampus King and his royal Retinue. Balloting was brisk throughout the entire time. In fact on several occasions the peace and quietude was shattered by the angry cries of the political persons who took to the soapbox in behalf of their favorite sons. It was believed that the members of the Kappa Alpha fraternity were paying a flat rate of four dollars for each vote cast for members of the Sigma Nu fraternity, but upon investigation no evidence was found to substantiate this rumor.

The Zeta Chi and Iota Pi organization went into a combine and promised not to vote for any of their respective members, however, the ballots revealed the fact that members of both organizations felt their moral obligation of bringing to the attention of the student body the fact that both clubs had members who were choice material for such positions. Exchange of votes was quite free and conscientious.

Among the unsuccessful candidates receiving votes in this great contest are the following who merit honorable mention:

Al Davis.....	60
Randolf Crockett.....	24
Raymond Nolte.....	59
Cowper Shelton.....	45
Fump Johnson.....	42
Martin Eichenlaub.....	41
Martin Mayes.....	40
B. R. Williams, Jr.....	43
Porter Brooks.....	54

Johnson Coll.....	56
Stanley Cunningham.....	13
Earl McHugh.....	42
Edwin C. Orr, Jr.....	58
Alden Russell.....	58

Avery D. Arnold received a number of votes but was disqualified after the Committee found that the ballots cast in his behalf were in the handwriting of Billie Weeks. Also "Perk" Day's ballot was thrown out as he was conscientious enough to vote for himself.

The reason for the faculty objection to the Kampus King election was discovered when upon counting the votes it was found that Melrose Hall went solid for Dr. Heater; and Doctors Wayman and Weyand each received 78 votes.

The respective fraternities and clubs of the respective winners displayed a wonderful spirit of cooperation in backing their men to the utmost of their voting strength.

THE DRY ROT REVIEW

The Dry Rot Review is published annually for the information and edification of the student body of William Jewell College. It is impossible to expose all the nondescript, peculiar and moronic individuals in the college, and to bring before the public eye all embarrassing, deplorable and unpardonable situations which have existed and do now exist here. The Dry Rot Staff has been very thorough in its investigation, if we have missed any deserving person, we are sorry; if we have hit any undeserving person, we are doubly sorry.

William Jewell College

William Jewell is somewhat of a college, nothing to brag about, however. The school was founded in 1713.

The College is situated on a most inaccessible hill. So inaccessible is this hill that it is quite a common occurrence for students to be unable to make the grade in time for 7:50 classes, especially if the preceding night was a hard one. It is quite a common sight to see a student lying at the side of one of the walks leading up the hill, in a state of utter exhaustion - a morbid spectacle, of course. But getting an education is not all [Three Roses] and [Flashlight] Dancing.

William Jewell College has many advantages: Harold Roberts and Albert Reeves, Jr. graduated last year and there is a probability of some of the professors having nervous breakdowns before next fall. Also Liberty is close enough to Kansas City that one wouldn't have to exactly admit that he went to school in Liberty. Another advantage is the fact that William Jewell may improve. Oh, yes, the gym burned. Of course the College has some disadvantages; every year it gets its share of persons like Brigance, Hamm, Kitt, Romigh, Rychel, Douglas Rae and others. Prof. Byrns is still telling the same old jokes. Old Ely Hall hasn't caved in, as yet. Yes sir-r-r, we go to William Jewell College.

Question Box

Dear Editor:

I was sitting with my girl on one of the stone benches in front of Jewell Hall yesterday, and suddenly she seemed to become very angry with me and picked up one of the slabs which we were sitting on and threw it at me with almost tragic accuracy. What is the matter with her? Am worried.
Toad.

Mr. Turner: Don't worry. There is nothing the matter with her - she's just strong.

Dear Editor:

Frank knocked me down and kicked me in the face. Do you think he loves me?
Butts.

Yes Dorothy, I think he loves you. It's just his way of displaying affection, or possibly he has an Amo-complex.

Dear Editor:

I live in a house with eight girls and none of them will give me any attention. What would you suggest?
Nutter

Well Paul, I'd suggest that you get an out-of-town girl and never let her see you.

Dear Editor:

I found some tobacco in my son's clothing. Do you think he smokes? Am heart-sick.
Mrs. Wood.

Don't be alarmed Mrs. Wood, Jimmie does not smoke, he chews.

Dear Editor:

I simply can't stand Conn Withers. What shall I do? I want to know right away.
Anne.

By all means, Miss Henderson, the next time you have an opportunity, shoot him.

Dear Editor:

I simply can't stand Anne Henderson. What shall I do? I want to know right away.
Conn.

By all means, Mr. Withers, the next time you have an opportunity, shoot her.

Dear Editor:

A boy and girl shot each other, and they were friends of mine. What should I do?
Sarah.

Feel lucky, Sarah. If it was fatal and if they are the ones I have in mind.

Dear Editor:

How can I reduce?
"Meat"

Mr. Grissom, I think it is utterly impossible.

Dear Editor:

What is the matter with me?
Raymond

Am sorry Mr. Gary, my space is too restricted.

Dear Editor:

I am in love. Is there anything I can do?
Clagett

No, Mr. Daniel, it's too late.

Dear Editor:

What is the matter with my car?
Fump

Mr. Johnson, this is a Question Box, not a garage.

Dear Editor:

I have been a fool. What would you suggest?
Wayne

I would suggest that you watch your tempers more carefully, Mr. Clark.

Dear Editor:

I am quite enamored with Mary Aker, but we haven't a thing in common.
Rosa

Why of course you have, Mr. Adams, you both wear glasses. Be alert and ready to take advantage of things like that.

K. S. R. O. T. C. into Barracks

The Kappa Sig boys have moved into more commodious quarters. The other house was burned for insurance by a defective flue and it was indeed fortunate, for now the organization has accommodation for almost all the chapter and also the larger house constitutes a strong incentive to continue their campaign for a bigger and larger chapter. The local chapter has sponsored some very clever campaign mottoes: "Have you a Kappa Sig in your home?" "Eight million by 1930!" "A chapter in every school!" "An athletic letter for every member." It is rumored that by next fall the local chapter will pledge approximately 75 Freshmen, 2 cooks, 1 cab driver, 3 trainers and 1 general utility man. The chapter is to be congratulated on such an extensive campaign!

Dress Well and Succeed

The Style Editor of *The Dry Rot Review*, after a careful survey of the men on the hill, concluded that William Jewell men are well dressed. To substantiate this conclusion the Editor would cite a few of the striking ensembles which have made their odd appearance at odd times on the hill. For example, during the Winter Term Gregory Hutcheson of Kansas City effected a very striking combination of sheepskin coat and spats. The attire possessed an air of ease and informality which was quite fetching. At the first breath of spring Lester Hoover and "Smokey" Keller could be seen in their plaid shirts with bright red and blue suspenders. The effect was very striking. John Wheeler of Kansas University and William Jewell College was the originator of this turnout. Of course nothing can be done to him for starting such a thing. As long as a person dresses within the bounds of decency nothing can be done about it, however that almost exceeds the bounds. Numerous sweater hose-and-knicker combinations can be seen on the Jewell campus. One of the most obvious is that often worn by Braxton Davis of Liberty - description is impossible. The enormous cravat knot is quite the popular thing this year. For those who have not tried it, the effect is gotten by wrapping the cravat from eight to eighty times. Constant attention must be given the knot as it has the tendency to slip down to the third or fourth vest button during the course of the evening. Note the cravats of Guy Hamm and Louis Romigh both of Kansas City, and also Wm. Endicott of Liberty.

Revolutionary Move Brings Great Changes

The most drastic change for years in collegiate styles and customs, took place early yesterday when the student body of William Jewell College at the morning worship service became violent and unruly in its attacks on the present senior styles. No one was killed but several were slightly injured in the rush to demolish derbies and raze canes.

The trouble all started when E. Johnston Coil, senior, appeared at chapel with a derby hat resting on his left ear while swinging a cane with his left hand. The seniors had been repeatedly warned and were requested not to appear at Chapel this term, but Coil evidently mistook the large crowd for the Baker-William Jewell game and walked in with much gusto. The profile of Coil in the derby was enough to warrant a civil war.

It's bad enough without the hat. Other seniors seeing Johnston, their leader brave the dangers, followed like little sheep. Vic Smith, was

thrown out of one of the west windows by a freshman, as a starter to the big free-for-all. Mayes, Payne, Bartley, Kinny, Ragdale and several other deserving seniors were boxed-in and almost annihilated before order could be restored.

One of the underclass mob leaders then jumped up to the platform and demanded of Dr. Wayman that by a vote the derbies and canes be abolished forever. The measure carried without a dissenting vote. A haberdasher and clothier had been hurriedly rushed up the Hill and proceeded to outline the Senior costume, with a few suggestions by the Sophomore boys.

The new hats are made of canvas and have a calico band six inches in width around the base of the crown. The inside is made of rubber to allow stretching. Measurements for the hats are taken by the relative importance of the student on the campus, according to the wearer. The newly arrived

Outstanding Social Events of the Year

The Beta Xi chapter of Sigma Nu sponsored a delightful social function this spring. The occasion was named a "Barn Party" possibly due to the construction and condition of the house in which members of the club reside. The function was simply pervaded with local color as no changes were made in the arrangement of the downstairs. The members carried out their part as farmers splendidly - Greg Hutcheson was elected president of the organization before the party and also several of the boys had new spring suits.

The members of the local chapter of T. N. E. broke away from their laborious duties of guiding the political interests of the College long enough to initiate some choice material. The ceremonies took place outside the city limits with Coil and Byars in charge. During the ceremony lineades and other drinks were served. The party could hardly be considered a success as all members were able to get in their respective fraternity houses after midnight without being fined.

During the Winter term the Iota Pi sorority gave one of the most successful parties in the history of the organization. The success was due entirely to flashlights - - altho the flashlights did not improve the dancing ability of the girls it did make their identity doubtful and that seemed to create a much better spirit. (The T. N. T. club would do well to give the idea a trial.)

The Zeta Chi fraternity is planning to give a party worthy of note before school is dismissed in May.

Kappa Beta Phi, a club organized for the purpose of upholding the principles of Christian manhood, had a very beneficial little meeting down near the Missouri River on the evening of April 7th. Delightful refreshments were mixed during the course of the evening. Dean Fleet was to have been the principal speaker of the evening; however, at 4:30 A. M. he had not arrived, so the little Kappa Bets returned to their respective homes to prepare themselves for 7:50 classes.

The Administration of William Jewell College gave an afternoon tea for the faculty, according to the invitation "to re-establish concord and affection among our dear professors" however upon entering the presidential mansion every faculty member and wife was searched for guns, gas-pipe, billies, etc., and all *objects de combat* were checked and returned only after the social hour had closed. No serious injuries were sustained by any of the guests, other than Dr. (name deleted) and Dr. (name deleted) who each received slight scalp wounds during a heated discussion on Modernism. The guests departed at a late hour after delightful refreshments had been served.

Earl McHugh in "Cradle Snatchers" is starting on the eighth month of its run in Liberty. The playing is being enjoyed intensely by the Kappa Alpha fraternity as well as the student body as a whole. (No offense, Dorothy)

The Zeta Phi chapter of Phi Gamma Delta attempted to stage a social comeback with a dinner dance given at the Party Place before the Christmas holidays. However, several embarrassing situations arose which prevented the function from being all the chapter had hoped for. Phil Lineer and Beatty Sylvius were refused admittance by Mrs. LaFette until some of the brothers vouched for them as members. Fump Johnson and Bill Byars staged a fast two round bout after the first course as a result of an argument as to the use of some article of silverware, in fact the whole party was quite up to standard.

John Brinkman, Guy Hamm, Gregory Hutcheson, Earl McHugh, Joe Rychel, et cetera, spent every week-end at their homes in Kansas City. (Pardon us, Tatlerettel)

Robert Sevier '31 was presented a token of sympathy by a representative of the student body for being the biggest, all-around--

Two weeks after the Administration asked the boys to cease smoking on the campus, 864 cigarette butts were found at the south entrance to old Jewell Hall, and 1083 at the north entrance.

The student body is offering a \$500 reward to the benefactor who burned the Brown gymnasium.

EVOLUTION PROVED

"Missing Link" Found on Jewell Hill

Consternation reigned supreme on Jewell hill when the announcement of Dr. Wurnster's sensational discovery of the missing link - filling the last gap in the chain of evidence to substantiate the hitherto profane Darwinian theory of mankind's origin from the lower anthropoid. Many investigations in all parts of the earth by Dr. Wurnster and his corps of assistants finally led the array of scientific investigators to approach the campus of William Jewell which for three-quarters of a century has continued in its peaceful course undisturbed by many of the cares of the outer world. After a most careful and discerning investigation of all the specimens at large in the domain, one organism was found that answered to the requirements of Darwin and Huxley to fill the breach and prove beyond all doubt that the ape is our common ancestor. This specimen of this species has been known heretofore as Jamie Adams; but Dr. Wurnster has declared his intention of changing the name to Eureka as he was more delighted at his startling discovery than Archimedes was when he made up his back work in his bath tub laboratory.

Doctors Elmore and Wayman were so over-joyed at the discovery that they were seen yesterday afternoon playing "Ring Around the Rosey" on the grassy plot between Old Jewell Hall and Old Ely, intermittently slapping each other on the back and shouting merry, "I told you so's."

The student conduct in our library is something to be deplored - - well, what of it, so's Dr. A.

He might look like a Greek god to you - - but believe me, he's sure got Roman hands.

Dr. Parker in S and H - - Am I speaking loud enough?

Voice from the rear - - I can't even sleep.

GAZING AROUND THE CAMPUS

By O. O. McINEWURST

Time: 7:50 A. M. Any rainy morning.

The old stone time post presented by the class of '26 dripping in all its idiocy. Boys and girls squint-eyed and sleepy in the early morning drizzle. Pale ghosts in multi-colored and much defaced slickers splashing past in resigned silence to 7:50 classes. Wonder what became of Guy Hamm's galoshes? Rex carefully guiding blind Caspar's uncertain steps up the difficult incline. Doctor Parker and Doctor Titus arm-in-arm, tripping up the steps as chirper as early birds; I hope they get what the proverb says the early birds get. I detest such happiness in such a sodden and desolate atmosphere. Is matrimony responsible? Why does Earl Watson insist upon wearing that putrid slicker? A little advice to Speaker Russell, "Use tobacco to obtain that dignified and lustrous mustache," or better still use a razor. Celebrities on every hand, Orr, the great debator, and King, Jewell's greatest statistician, earnestly conversing - they laugh, evidently at each other. Marston Hall, the incubator for turning out callow and fledgling scientists, also the object of attack from our conscientious Baptists over the state. Freshmen strolling over the grass "Paddle Brigade! I!" Somebody put in a hurry call for Bill Bartley. Babe Smith, Steve Slaughter, Ed Price and Fump Johnson take rapid turns at the drinking fountain. Old Ely, I wonder what's become of the foreign colony up-stairs. Dr. A and his library, still patronized by Harry and Grace. Wouldn't Dr. A look cute all dressed up with a bow of pink ribbon 'round his tummy and a bow and arrow in his hand? What! There ain't no Cupid; say I'm goin' to investigate this stork story, too. Faculty will have a meeting, no need for worry, it's just a business session. Still raining.

Kansas City vs. Liberty
"Are you going to town this evening?"
"No, I think I'll go to the show here tonight".

Starting at 8:15 the curtain rose at 9:10 for Jewell's premier production, "The Mystery of the Third Gable". Did you see it? Unfortunately, I attended. It's still a "Mystery" to me why the production wasn't postponed at least twenty more rehearsals.

Of course it represented an honest endeavor to give the audience something, but the talent and stage managing just simply weren't there.

Unfortunately for the presentation Ethel Marie Henderson was forced to take Margaret Montague's part on account of illness.

There was a great deal of tittering back of me over the connection of "Hamm" and "actor". Too bad Guy over-played his part, he seemed so eager to do it well.

Leon Kinney had a "so tired" part.....which was extremely tiresome to the audience. I wondered at the time if that was good acting I guess not.

Beatty Silvius, the silent comedian, missed his only line.

A very, very slow production.

You're welcome.

Russel Wins National Blah-Blah Contest

Alden Russell, Jewell's nationally known campus and radio entertainer insists upon announcing to the world that he out-talked and completely exhausted all contestants and judges interested in the National Blah Blah Contest for Boys, held at Tiffin, Ohio, this spring. The trophy presented to Russell was a beautiful silver bovine of masculine gender, given by the Durham Tobacco Company of Winston-Salem, N. C. The Champion said, "I did not talk as long and as loud as I am capable of, but necessity demanded no more," he continued by saying, "as the last judge left the room in utter disgust, I knew I had won". Alden is a modest and quiet boy, who only speaks when he is addressed, that is with the exception of all other times.

Alden is also one of the two members of the radio team known to those who "listen-in" as the Bullzo Boys, appearing before the microphone every Saturday evening at 10 o'clock, central time, from KMBC, the Midland Broadcast Central, at Kansas City, Missouri. Alden is "Bull"—just who is "Zo" makes little difference, as "Bull" never fails to spoil the act with his acenic talent as a musician and his putrid conception of humor.

Revolutionary Move Brings Changes

Continued from page 3, Column 3

Hats are all too large! The no-crease trousers will be retained, a bit fuller however. They are so universally popular among the Senior boys. No canes, crutches or other implements of walking are permitted. No restrictions will be made as to other parts of the ensemble, as the Senior boys in the past have worn sufficiently ridiculous shirts, ties, etc., of their own free will and volition.

Julian S. Carr now has a 12 piece orchestra - - four waltzes and eight fox-trots.

Grateful father - - How can I ever repay you for care of my son while in college?

Dr. Wayman - - By cheque, money order or just in cash.

Student Volunteer Band Gives Musicales

The Student Volunteer Band, the premier musical organization of William Jewell College, before the assembled student body of the school gave a most delightful group of band numbers. Dr. Pearson was the band leader, and as a leader he played (censored) but in spite of this fact the talented group of musicians played as no band has ever played before (thank heavens). Lester Roney played a splendid flute solo—but Ah! his ability so enraged Brumley that he seized the violin from Lester's lips and crushed it under his heel and then shouted, "heaven permitting, I'll play!" Evidently Howard hadn't been living right for he was prevented from playing by the jeering and hissing of the student body; lightly tossing his oboe backstage he left in a state of complete dejection. The Band seemed greatly improved by the absence of the two musicians. Several voice numbers were RENDERED as the teeth marks on the chapel seat, will attest. As a closing number the Band played "Swing 'round the Old Hill" while the student body stood and sang. A more touching closing could not exist; many damp eyes could be seen in the audience—in fact the whole thing was very SADI!

THE NEW ZETA CHI CAFE

New Management is Culmination of Chapter's Aspiration

The members of the Zeta Chi fraternity, of William Jewell College, have taken over the management of the restaurant formerly owned by Mr. G. S. McKee. Of course this is not surprising, for the taking-over process has been going on since '97 when Oscar Wildboy, a noble Z. X. member started the movement to make McKee's a hangout and a hangon for the nondescript members of the lodge. However, the addition of "Perk" Day seemed to be the straw that broke Mr. McKee's back, as he was last seen driving at a break-neck speed toward the river screaming and tearing his hair.

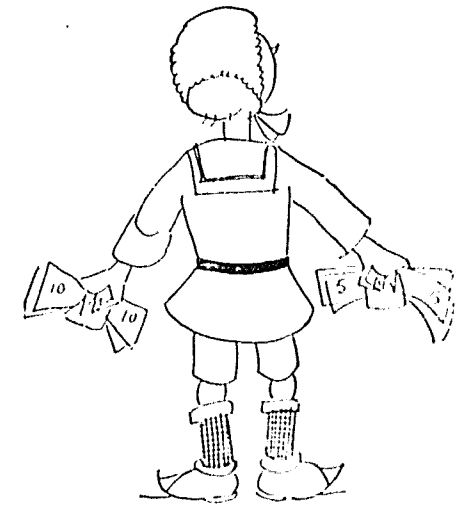

The members of the lodge will infest the second floor and the basement of the McKee building. The arrangement will be splendid for rushing purposes, as the basement doors carry locks and living quarters can be constructed for Clyde Scott, Clovis McWilliams, Chester Douglas and others whose appearance during rush week would undoubtedly injure the chances of Zeta Chi pledging any of the left-overs.

Spirit of Alpha Nu Perpetuated

The ancient, honored and respected fraternity of Alpha Nu was perpetuated this year with a most popular pledge, Lucian Crump of Moberly Missouri. Crump told a *Dry Rot* reporter that he was expecting a premier season next year, and that he felt that he had been greatly benefited by this great fraternal adventure.

Stranger - - Do you really teach in William Jewell College?

Dr. Fruit - - Nope, I just hold a group of students together until their next class.

New Course in William Jewell

Jewell's Curriculum Strengthened by Advent of New Course Under Doctors Elmore and Weyand

The Spring Term brings the necessity of a new laboratory course in William Jewell College. This course is known as the Practical and Theoretical Study of the Fine Points of Gold-digging. Lectures in this course are to be given by student instructors Margaret Montague and Meredith Groom, however the course is under the supervision of Doctors Elmore and Weyand, because of their unsusceptibility to feminine display of affection which is invariably followed by "give me" supplications. Their value will be mainly in the laboratory work as objects of experimentation. Laboratory periods will be bi-weekly on Wednesday and Sunday nites from 8 to 12 o'clock. Those now enrolled in the course are: Helen Ann Clark, Billie Weeks, Stella Shelton, Helen Hail, Catherine Hunt, Margaret Donovan, Evelyn Hunt, Anna Maude Means, Alice Mary Henry and Vernalee Pearson. The pupils are very enthusiastic in their new course, not new however in the sense that those enrolled have not formerly practiced such tactics, but new in the sense that the study is being taken up in a very scientific and analytical manner. Some of the students have shown such enthusiasm of the progress which they have made thus far in this course that they have declared their intention of majoring in this most exacting and remunerative study. Only last week Billie Weeks talked Doctor Elmore out of his favorite nanny-goat. Also Alice Mary Henry induced Doctor Weyand to write her Social Pathology term paper for her, so it is quite obvious that the girls are really going in for this type of work more than ever, and moreover making real progress at it.

When Greeks Meet

Editor's note: The following material was gained only through the perseverance of *The Dry Rot Review's* favorite reporter. It's real inside dope.

Kappa Alpha

The telephone rang for the first time in three months and from the resulting scramble there emerged a meeting of the Southern Gentlemen(?). Brother "Bim" Sullivan appointed a committee to burn up all last month's bills and to hunt a new place to stay next year. Brother Turner wanted to know if it would be all right to poison Pledges Bittick, Romigh, Marriott, and Fischer; a unanimous vote immediately followed. Brother Steve Slaughter then arose and said that he knew the K. A.'s would never get up on the scholarship list until the other fraternities moved out of town, but continued by saying that the chapter as a whole was to be complimented, for only the night before last Lucille Shikles had told him that the T. N. T.'s thought the Kappa Alpha's were the stuff. (much applause) After an intense silence 15 pledges were initiated, and the meeting adjourned as Brother John Stuart said he thought he saw a bill collector coming up the walk.

Phi Gamma Delta

After three fights had taken place over cheating at bridge the Fiji brotherhood decided to have a meeting. Brother Byars announced that he was in favor of some active steps being taken to get the Phi Gam chapter in the limelight. This was followed by a great deal of reminiscing back during the time when "Earnie" Justus, "Jerry" Alexander and the gang used to get by with murder, and in the days when the chapter really amounted to something. This open discussion was broken into by "Arky" Moore suggesting that someone write "Bill" Partee for suggestions as to some immediate method of getting Phi Gamma Delta out of the grave—no one volunteered, all four members present seemed to realize the hopelessness of such a

task. Brother Robert Johnson being the only half-way prominent man in the fraternity broke up the meeting when he announced that he had to leave, as he was scheduled for the eleven 'til two shift out at Mary's house.

Kappa Sigma

"Jimmie" Clutter, in a thoughtful mood, screamed out a string of football signals, immediately the front three rooms and hall were packed with Kappa Sigs eager to play some position, however Brother Edwin C. Orr, Jr., of Chillicothe, Missouri, always master of the situation, mentioned the fact that no meeting had been held since the Christmas holidays and suggested that a meeting be called to order instead of carrying out the free-for-all fight. No little grumbling could be heard among the mob, however 75 benches and chairs were brought in and 52 of the boys lolled on the floor, and the meeting was called to order. The petition of the K. C. A. C. was read and tabled until next meeting. Brother Harry Park announced that all those wishing A's out of his courses must get their requests in early. Brother Orr in order to break up the meeting, announced that there would be a special assessment of 75c for lighting fixtures, the method was quite successful.

Sigma Nu

Several Sigma Nu's were looting in Pence's Clothing store. "Fin" Mason '97 made the remark that the house would have to be fixed up. Immediately the brothers ran out of the store up to the Sigma Nu house and had a meeting. "Greg" Hutcheson suggested that the house be camouflaged. Brothers Smith and Price fell off their chairs in a fit of laughter and were promptly fined \$1.00 and cost. Of course the meeting then took on a serious air, and Brother Coil arose and solemnly made a motion that the house be torn down and that the chapter move up Trig Nutter's. The motion was seconded and passed unanimously, Brothers Arnold, Brinkman and Lott each voting three times. The meeting broke up when Brother Bumbarger came in.

Zeta Chi

It being after 9 o'clock all the brothers were back from their Iota Pi dates. Brother Porter Brooks suggested that they have a little informal get-together which would go into the minutes as a meeting, as usual. Brother Garnett Peters immediately took the floor and made a motion that the Rushing Committee be severely reprimanded for getting only 24 freshmen, and such a putrid lot at that. Brother Brooks appointed Brother William Owsley as the new Rush Captain. Brother Owsley promised to bring at least 52 freshmen into the good 'fold of Z. X. next fall. [round after round of applause] After singing the new chapter song "Thank God Harold Roberts is gone" the meeting adjourned.

The Kappa Sigs undoubtedly will have some English students soon, now that a pool table is listed among the luxuries of their new home. (Don't bother about reverse or masses, see if you can learn the follow shot, isn't that right, Ed?)

Did the Beta Peta Peta's name themselves three times because they thought so much of themselves?

Miss Martha Hill, when she arrived at the musical slightly late, turned to her date and asked:

"What's that they're playing now?"

"Beethoven's Ninth Symphony," was the reply.

"What! Have we missed the other eight?"

For heaven sake, Eugenia, what happened when the lights went out? Am wondering. L.

Dorothy, the Administration is watching your every move. Be careful. A friend.

For Heaven's sake, Martha, I can't take you to the City every nite. Be discreet. Brax.

Bob, why do you insist upon ignoring me, I love you. Mary.

Let's liven up the chapel exercises some. Why not sing a few hymns, have a prayer, then some announcements and a talk by one of the professors, benediction, then trip happily to our 11 o'clocks?

MANY ILL AT NEW ELY

Legal Actions on the Part of Several Inmates Pending

Several eminent students of William Jewell College are seriously ill from being forced to eat tainted meat to stave off starvation at the New Ely Dormitory for Boys. The following are not expected to live:

Aaron Driver (of course this would be no serious loss)
Howard Buxton (nor this)
Neville Gobiet (nor this)
Maywood Doan
Everett Spradley
Anthony Savoca
Owsley Welch

Evidence given the Pure Food Inspector following the incident divulged the fact that all during the year metal objects such as tacks, nails and pieces of tin cans have been found in the food, not to exclude all common commissary insects and rodents. Abe Martin testified that he had found a dog collar nameplate with the word "Phi" engraved on it, in a pan of meat loaf. Of course Abe isn't very dependable, so the truth of his testimony cannot be vouched for. However, rumors indicate that Mrs. (censored) will be legally brought to account for the incident, and if the penalty for such an offense is life imprisonment, the boys of New Ely wish her the worst of luck.

The woman always pays, eh Jerry? Ten negative hours and a week's suspension is *some* price. I'd say!

William Jewell College

Liberty, Missouri

William Jewell College is a Christian College, founded and supported by Missouri Baptists. It has breathed forth a Christian influence over the Middle West during its long history of three-quarters of a century. Men, and more recently women, too, have gone out from this historic institution into every worthy calling. Our aim is not only for the best in scholarship, but for the best in Christian character—every student an active worker in the church. William Jewell College is a college of tradition and ideals.

William Jewell College is a member of the North Central Association of Colleges and is on the approved list of the Association of American Universities. Work done in William Jewell is fully accredited by any standard university in America and Europe.

Regular courses leading to A. B. degree are given. Accredited two year pre-professional courses for Medicine, Law, Engineering, Commerce and Agriculture are offered. Also courses are given in Coaching for those desiring to become athletic directors and official coaches. The Education department prepares teachers for life certificates. Complete courses in instrumental and vocal music and music theory are available in the Conservatory Department. Excellent courses for ministerial students and those preparing for special Christian work are offered.

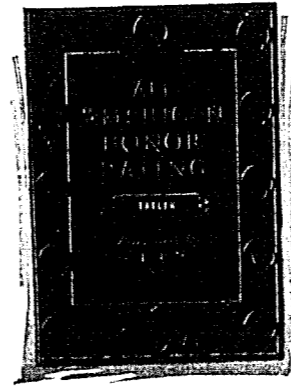

The equipment is excellent. The science laboratories are especially well equipped. A Carnegie Library of 35,000 volumes is situated on the campus. We have just completed two new buildings, a Chapel and a Girls' Dormitory. A new gymnasium is now under construction. It will be ready for use by the opening of the College in September. This additional equipment enables us to care for a larger student body.

William Jewell College is a growing college. This year it was necessary to limit the enrollment. Hereafter we shall limit the freshman class to two hundred. Application for entrance should be made before June thirtieth. We have just completed a successful campaign for endowment. This enables us to offer the best faculty and equipment for not more than 600 students. Our faculty consists of men who are graduates of the leading colleges and universities of America and Europe and who are specialists in their departments.

For further information, address,

H. C. WAYMAN, President.

For the first time in the history of the school, a William Jewell publication was awarded national recognition, when the 1925 Tatler, entered in the national contest of the Central Inter-Scholastic Press Association, won first in its class. The 1926 Tatler repeated. The entire printing of these prize books was handled by the William Jewell Press.

The 1927 Tatler was entered in the contest for 1927 year books, but up to the present printing the award has not been made.

The Psalms Outlined

An outline analysis covering each song of the Psalter. The author has prepared this volume for all who wish to use the Psalms for devotional purposes, and who need the brief suggestions such as are contained in the analysis, and the comments, mostly spiritual in character, presented in these pages.

Questions and Answers Regarding Student Opportunities in the Seminary

QUESTION: What opportunity does the ministerial student have for Pastoral Work?

ANSWER: More than 130 churches are served by Seminary student-pastors. Approximately 100 preachers go out, 50 per cent of them to full time-churches.

QUESTION: What of sacred music, Religious Education, and Missionary Training?

ANSWER: The churches of Fort Worth, Dallas, and other nearby cities employ more Educational Directors, Financial Secretaries, Young People's Leaders and Choir Directors than any other city of like size in the United States.

QUESTION: Is the financial compensation such that a student can maintain or partially maintain himself or himself and family while still pursuing school work?

ANSWER: In the case of both men and women all along the line where students are employed, the churches pay from \$25 to \$150 per month, which, with no tuition charge, cheap rents of Seminary houses, etc., is easily adequate to meet expenses or at least materially aid the student to pursue without interruption a three-year seminary course.
